Auditor's Report.

To the Citizens of the Town of Saugus:

Having examined the books and accounts of the officers of the Town for the fiscal year ending December 31, and finding them correctly kept, with proper vouchers for all payments made, I herewith submit the annual report for your careful perusal and consideration, and desire to call your special attention to the great improvement in our financial condition.

The deficiency has been reduced during the past year from \$110,935.84 to \$94,112.75, showing a net gain of \$16,823.09. This does not include the Hathaway property bought during the year at a cost of \$4,000, and which if placed among the assets at cost, would make the reduction \$20,802.09.

Although the bond for this property is placed among the liabilities and is a part of the Town debt, the Auditor was in doubt about placing it in the assets, as other property owned by the Town, such as the Town Farm, woodland, cemetery and cemetery lots not sold have never been so placed. Although the tax committed for 1898 was the largest in the annals of the Town and exceeded the tax committed for 1897 by \$12,400, at the close of 1898 the total amount of uncollected tax was nearly \$2,600 less than at the close of 1897, which is certainly a step in the right direction and most gratifying considering that the year 1898 has been one of great depression in all kinds of business.

The financial condition of the Town Farm has continued to

improve, the Overseers having to call upon the Treasurer for but a little over \$300 during the past year.

I would recommend that the sum of \$10,000 be appropriated to meet interest charges the ensuing year, \$3,500 for Principal of Water Loan, and \$2,150 for School-house Loan.

Respectfully submitted,

GEORGE PARSONS,

Auditor.

SAUGUS, January 20, 1899.

ANNUAL TOWN MEETING

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus.

GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town, on Monday, March 7, A.D. 1898, at six (6) o'clock A.M., then and there to bring in their ballots to the Wardens for the following Town Officers :

Town Clerk, three Selectmen (3) for one year, Town Treasurer, one Assessor for one year, one Assessor for three years, three Overseers of the Poor for one year, Tax Collector for one year, one member of Board of Health for three years, Auditor, Constable, one Sinking Fund Commissioner for three years, two Trustees of Public Library for three years, one Water Commissioner for three years, one member School Committee for three years, three Fence Viewers ; also, your answer "Yes" or "No" to the following question : "Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?"

Also, to appear at the Town Hall, on Monday evening, March 14, A.D. 1898, at 8 o'clock, to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on reports of Committees.

ART. 3. To choose all other Town officers which Towns are by law required to choose in the months of March and April annually.

ART. 4. To revise the Jury List.

ART. 5. To choose a Committee on Appropriations, as required by the Town By-Laws.

ART. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

ART. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town officers, and make an appropriation for the same.

ART. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes:

First. For the purpose of paying notes coming due the present year.

Second. For the purpose of paying notes not yet due.

Third. To hire money temporarily, not exceeding sixty thousand dollars, (\$60,000) for one year, in anticipation of the taxes of the year 1898.

ART. 10. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money of the Sinking Fund Commission, and give notes of the Town for the same, for the purpose of funding the Town debt.

ART. 11. To see if the Town will make an appropriation for Police Service.

ART. 12. To see if the Town will make an appropriation for the purpose of observing Memorial Day.

ART. 13. To see if the Town will make an appropriation for the purpose of Laying Out and Grading Avenues in the Cemetery.

ART. 14. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

ART. 15. To see if the Town will make an appropriation to cover the cost of Insurance on Town Buildings.

ART. 16. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

ART. 17. To see if the Town will make an appropriation for the Board of Health.

ART. 18. To see if the Town will make an appropriation for the Superintendent of Schools.

ART. 19. To see if the Town will appropriate the money received from the County of Essex, on account of Dog Tax, for the year 1897, and in addition thereto the sum of three hundred dollars (\$300), for the purpose of purchasing books for the Saugus Free Public Library and for current expenses for the same, to be expended under the direction of the Library Trustees; or to see what action the Town will take in the matter.

ART. 20. To see if the Town will appropriate the sum of fifty dollars (\$50.00) for searching the Records and Plans for the Assessors.

ART. 21. To see if the Town will vote to carry the school children from Lynnhurst and vicinity to the East Saugus Schools for one year, and appropriate three hundred and fifty dollars (\$350.00) for conveyance, or to see what action the Town will take in the matter.

ART. 22. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

ART. 23. To see if the Town will accept Forest avenue as a Town street from Felton street to the terminus, or to see what action the Town will take in the matter.

ART. 24. To see if the Town will vote to locate a fire-alarm box on Jackson street, and make an appropriation of two hundred dollars (\$200.00) for the same, or to see what action the Town will take in the matter.

ART. 25. To see if the Town will vote to raise the salary of the Firemen of the Saugus Fire Department to fifty dollars

(\$50.00) per year, or to see what action the Town will take in the matter.

ART. 26. To see if the Town will vote to replace the arc lamp on Central street, at head of Prospect street, and make an appropriation therefor, or to see what action the Town will take in the matter.

ART. 27. To see if the Town will establish a watering trough in Lincoln square, in Ward 3, Cliftondale, and make an appropriation for same, or to see what action the Town will take in the matter.

ART. 28. To see if the Town will locate and establish an electric arc light at the junction of Western and Ocean View avenues, at Cliftondale, agreeable to the petition of Alexander Munroe, Jr., John H. H. Wilson and others, or to see what action the Town will take in the matter.

ART. 29. To see if the Town will accept Morton avenue, in accordance with plans filed, or to see what action the Town will take in the matter.

ART. 30. To see if the Town will appropriate the sum of five thousand dollars (\$5,000) to purchase land and erect and furnish a School-house at Lynnhurst, Saugus, or to see what action the Town will take in the matter.

ART. 31. To see if the Town will appoint Frank P. Bennett, Arthur B. Smith and Herbert B. Newhall a Committee to look after the interests of the Town of Saugus before the Legislature, and elsewhere in the matter of boulevards, parks and highways which are constructed or maintained wholly or in part by the Commonwealth, or to take any other action in the matter which the Town may deem necessary or expedient; or to see what action the Town will take in the matter.

ART. 32. To see if the Town will make rules for the better collection of taxes, or to see what action the Town will take in the matter

ART. 33. To see what action the Town will take regarding the furnishing of additional school accommodations, either by the erection of a new building, the renting of rooms, or the remodeling and heating and ventilating of the Old Town Hall Building ; to make an appropriation to cover the cost of any or all of the above improvements, and the furnishing thereof, the same to be raised by a loan or otherwise.

ART. 34. To see if the Town will make an appropriation for the purpose of connecting the boilers of the Roby School Building with the Grammar School Building, or to see what action the Town will take in the matter.

ART. 35. To see if the Town will instruct the Selectmen and other Town officers to advertise and receive bids for work to be done for the Town and any supplies to be used in the Town, the same to be awarded to the lowest responsible bidder, or to see what action the Town will take in the matter.

ART. 36. To see if the Town will establish a By-Law to regulate Peddler's License, or to see what action the Town will take in the matter.

ART. 37. To see if the Town will appropriate the sum of eighteen hundred dollars (\$1,800) for the purchase of a Chemical Engine, or to see what action the Town will take in the matter.

ART. 38. To see if the Town will appropriate the sum of eight hundred dollars (\$800) for the purchase of hose for the Fire Department, or to see what action the Town will take in the matter.

The Polls will open at six o'clock A.M. and may close at 4.30 P.M.

And you are hereby directed to serve this Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies, as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this twenty-third day of February, A.D. eighteen hundred and ninety-eight.

S. A. D. FORRISTALL,
B. F. SANBORN,
J. WESLEY PAUL,

Selectmen of the Town of Saugus.

SAUGUS, March 7, 1898.

Pursuant hereunto I have notified the inhabitants of the Town qualified to vote in Town affairs, to meet at the several Voting Precincts in the Town on Monday, March 7, 1898, at 6 o'clock A.M., by posting attested copies at the usual places seven days before the time of meeting and by distributing copies as provided by the By-Laws at least four days before.

CHARLES A. BLAKELEY,
Constable.

A true copy of Record. Attest:

ELMER B. NEWHALL,
Town Clerk.

SAUGUS, March 7, 1898.

Pursuant to the foregoing Warrant, the inhabitants of the Town of Saugus met at the various precincts and voted as follows:

The Polls were opened at 6 A. M. and closed at 4.30 P. M.

Voted to adjourn till Monday, March 14th, at 8 o'clock P. M.

SAUGUS, March 14th, 1898.

Adjourned meeting called to order by the Town Clerk at 8.05 P. M.

Chose Mr. Thomas P. Parsons Moderator, who, after being duly sworn by the Town Clerk, took charge of the meeting.

Mr. Wm. F. Hitchings, Mr. A. Clarke Newhall, Mr. Herbert B. Forristall, and Mr. Henry J. Mills were appointed and sworn as Tellers by the Moderator.

Report of Committee to Investigate Care of Poor and Selling
Town Farm.

ART. 2. Mr. H. H. Atherton made a written report for the Committee chosen to investigate the care of the Poor and the advisability of selling the Town Farm. The report was accepted (as follows) and placed on file.

The Committee appointed by the citizens at their annual Town Meeting, March 8, 1897, to consider Articles 28, 50, 51, in the Warrant for said meeting, having given careful consideration to the different subjects, and having visited the Town Farm and Almshouse, beg leave to make the following report :

ART. 28. To see if the Town will appropriate the sum of eight hundred dollars (\$800.00) for the purpose of heating the Almshouse and making a suitable place for roots and vegetables, the same to be expended under the supervision of the Overseers of the Poor ; or to see what action the Town will take in the matter.

Would recommend that no money be expended on the Almshouse for other than absolutely necessary repairs.

ART. 50. To see if the Town will appoint a committee to consider and report on the subject of boarding in private families the inmates of the Town Almshouse, or recommend some plan other than the present, whereby they may have better care and at less expense to the Town ; or to see what action the Town will take in the matter.

By inquiry your committee has investigated the methods of other towns in the matter, and have solicited proposals for the boarding of the Town's poor, with no results, and deem it inadvisable to take care of them at any other place than the Town's Almshouse, as at present.

ART. 51. To see if the Town will vote to authorize the Selectmen or Overseers of the Poor to sell or let the Town Farm ; or to see what action the Town will take in the matter.

While the financial results under the new Keeper are much improved, we believe it is only a question of a short time before

the Town will be obliged to erect a new Almshouse, by our present one being condemned by the State Board, and it would be wise to place the matter in such shape, that when it can be done to the advantage of the Town, the Farm may be sold, either in whole or in part, enabling the Town from the proceeds to construct new and modern buildings, such as our needs require; but we would not recommend a forced sale.

Respectfully submitted,

H. H. ATHERTON,
GEO. A. LEAROYD,
FRANK P. BENNETT,
H. O. PRATT,
M. V. PUTNAM.

Report of Committee on Assessors' Valuation.

A report was made by the Committee on Investigating the Assessors' Valuation, which was accepted as follows and the committee discharged:

The committee appointed by the citizens of the Town to consider Art. 17 in the Town Warrant of Aug. 23, 1897, viz.: "To see if the Town will appoint a committee of five (5) citizens to investigate the Assessors' valuation of property, real and personal, and to report at the next Town Meeting whether or not there is an equality of valuation throughout the Town, or to see what action the Town will take in the matter, on petition of Geo. W. Coombs and others," beg leave to submit the following: At the first meeting quite a number of real estate tax payers appeared before the committee and offered considerable evidence, and cited numerous cases tending to show that the valuation of property was not just and equal. The committee decided to continue the hearing, and advertised the same by printed notices, but comparatively few availed themselves of the privilege of appearing before your committee.

From the evidence obtained the committee cannot but think that in the cases cited there was some difference in the valuation, and that if the higher valuation was the correct one, then the lower valuation was wrong, or vice versa.

Your committee believe that a very general increase might be made in the valuation of the property in Town, and that if throughout the Town all the property could be taxed at its just value the tax rate could be brought down to fifteen dollars on a thousand, or even less, placing Saugus among the first and best Towns of the State, and we believe that this step would have considerable effect in determining the character of the future growth of the Town.

The expenses of the Town of Saugus are bound to be heavy in the near future for schools, police, electric lights and other improvements, which the people insist upon having, and the only way in which a low tax rate can be secured will be by a full, just, and advanced valuation.

We desire to record our high esteem of Mr. B. F. Calley, and our sense of appreciation of his valued services to the Town, and trust that other Assessors may be joined with him who can devote the time, attention, and good judgment that such an important branch of our Town government demands.

Respectfully submitted,

FRANK P. BENNETT,
GEO. A. LEAROYD,
GEORGE PARSONS,
LEVI G. HAWKES,
E. L. NOERA.

Report of Committee for Bids on Town Work.

A report was made by the committee appointed to investigate the advisability of advertising for bids on the Town work. The report was accepted and laid on the table, as follows:

The committee appointed by the citizens of the Town to consider Art. 16 in the Town Warrant of Aug. 23, 1897, viz.: To see if the Town will instruct the Selectmen in the future to advertise and receive bids for all contracts or work to be done for the Town, where an appropriation exceeding one hundred dollars (\$100) is made, and the lowest bidder to receive the contract; providing he endorses a certified check for twenty-five per cent. of

his bid ; or see what action the Town will take in the matter, agreeable to the petition of James H. Stewart and others, beg leave to make the following report: The committee have had several meetings and have taken the matter under careful consideration and would recommend the following :

First. That the Selectmen be instructed that in the painting, repairs of buildings, and in all new construction that may come under their care, that all new construction in the Water Department, sealed proposals be solicited by advertisement or otherwise for the execution of the work, and that the contract be awarded to the lowest responsible bidder.

Second. That in the purchase of all supplies for the Town in all departments sealed proposals be solicited by advertisement or otherwise, and that the purchase be made from the lowest responsible bidder. And it is recommended that no variation be made from this method except when, in the judgment of the Town officers, it is for the best interests of the town.

Third. That in all work in all departments, whether by contract or otherwise, citizens of the Town be employed as far as possible when they can be obtained.

Respectfully submitted,

GEO. A. LEAROYD,
ERNEST L. NOERA,
FRANK P. BENNETT,
MAURICE L. CUNNINGHAM,
CHARLES L. WORMSTEAD,

Committee.

Report of Electric Light Committee.

A report of the Committee on Electric Lighting Plant was made and accepted as follows :

The Committee upon Electric Lighting appointed at the Town meeting in March, 1897, make the following report :

We have had a good many meetings, at which representatives of the Lynn Gas and Electric Company have been present, and have endeavored to get from them a more favorable proposition than that stated below, but without success.

We would be in favor of reporting the making of a new contract with the Lynn company upon a basis of \$62.50 per arc lamp, per year, and \$15.00 per incandescent street lamp per year, with proper restriction regarding efficiency, etc., but the best proposition obtainable is \$67.00 per year for arc lamps, and \$17.00 per year for incandescent street lamps.

It is the sense of this committee that the price of the Lynn company is not low enough, and we are of the opinion that if a Town plant can be established for a sum sufficiently small to warrant its construction, that a municipal electric lighting plant be established.

We have received various estimates, but do not feel, owing to the peculiar situation of our Town, that sufficient reliance can be placed upon these estimates for your committee to name any figure as a cost of construction for a Town plant.

We therefore recommend that a sum of money, not exceeding \$150.00, be appropriated for the use of this or some other Committee on Electric Lighting, to employ a competent electrical engineer to make plans and specifications, from which bona fide estimates may be obtained, that may enable the Town to know exactly what a plant will cost to construct and operate.

The building of an electric lighting plant must have the most careful consideration. Your committee, with the above suggestion in mind, has obtained from the Lynn Gas and Electric Company the following proposition :

“The Lynn Gas and Electric Company will make a contract, to expire October 1, 1898, for the number of arc lamps now in use, at their present rated candle power, and on the present basis of lighting, that is, every dark hour from dusk until 2 o'clock A. M., for \$72 each per annum.

“They will make a contract to expire October 1, 1900, for \$70 each per annum. They will also make a contract to expire October 1, 1902, for \$67 each per annum.

“If either of these propositions shall be accepted, lights used since October 1, 1897, will be rendered at the rate of the accepted proposition. The price now being paid by the Town of Saugus is \$73.06 each per annum.

“It is further understood and agreed that if, during the continuance of any contract that shall be made under propositions of

this date, the Town of Saugus shall vote to establish a municipal lighting plant, in accordance with Acts of the Legislature now in force, or hereafter to be enacted, the Town of Saugus shall not be liable for the balance of this contract, and all further liability under this contract shall cease."

It is further understood and agreed, that should the Lynn Gas and Electric Company furnish light to any other town or city at a lower rate than they do the Town of Saugus, that the Town of Saugus will receive its light at the same price, irrespective of any contract which may exist.

They now argue that the rate which they offer Saugus is as low as Lynn, in proportion to population; but your committee believe that population should not be considered in a contract with a public-service corporation, any more than in the rates of fare of a street railway, which very properly carries passengers at the same rate in Saugus as in Lynn.

Your committee finds that there are State laws governing the installation of municipal lighting plants, of which a copy accompanies this report.

Your committee hope that this report will meet your approval and that the recommendation appropriating the sum of money will prevail.

Respectfully submitted,

F. P. BENNETT,
J. H. PARKER.

Mr. Henry J. Mills was granted permission to read a resolve in regard to the Mill Tax Bill for the support of the schools, (as follows) which was adopted, as follows:

Resolved, That we the citizens of the Town of Saugus assembled at the Annual Town Meeting on this the 14th day of March, 1898, do favor the bill known as the Mill Tax Bill for the support of schools, and ask, that our Representatives use their influence to secure its passage.

Resolved, That the Town Clerk be instructed to send copies of these resolutions to our two Representatives and Senator from this district.

ART. 3. The following were chosen Field Drivers: Wilbur F. Newhall, John T. Parkins, George Tibbetts. Pound Keeper: James D. Wiggin. Measurers of Wood and Bark: Levi G. Hawkes, Phillip W. Farnham, Herbert O. Pratt.

ART. 4. Voted to accept the Jury List as follows: William F. Sawyer, Charles W. Bailey, Edwin B. Forristall, Joseph Newhall, Frederick W. Feakins, Joseph M. Hall, Levi G. Hawkes, George Parsons, Benjamin O. Homan, Arthur W. Sawyer, Charles O. Thompson, John B. Walton, Everett E. Wilson, Walter Little, Melville H. Merrill, Everett H. Newhall, Dennis S. Newhall, W. R. Kaharl, C. D. Whittredge, A. F. Struthers, James Quarmby, James M. Stokes, James M. Maxwell, Chris C. Merrithew, A. M. Norris, Jonathan A. Newhall, John E. Foye, Isaac E. Graves, James R. Hatch, Henry A. Parker, John W. Hitchings, James W. Rea, Benjamin F. Robinson, Charles H. Libby, John C. Townsend, Joseph Whitehead, W. E. Rhodes, Frank H. Little, Ellis S. Jellison, Wilbur F. Newhall, Harry E. Hartitch, S. F. Rea, I. H. Fairbanks, A. M. Stocker, Aaron A. Gill, George A. Valpey, Samuel C. Watson, Harris C. Nye, Peter A. Flaherty, Nelson R. Stiles, C. E. Torrey, George B. Blanchard, John Brierly, Henry J. Mills, Thomas Newhall, Cyrus W. Oliver, Henry W. Oliver, Alfred C. Hill, David T. Knox, J. H. H. Wilson, Levi Florence, Robert Coulson, Charles F. Fife, C. H. Mansfield, Herbert O. Pratt, John A. Scott, J. F. Messenger, Walter L. Newhall, John S. Ross, John M. Raymond, Hezekiah A. Hall, Byron S. Hone.

ART. 5. Chose Mr. Frank M. Avery, James R. Hughes, Charles E. Putnam, Ernest R. Coombs, Martin L. Penny, as a Committee on Appropriations, as required by the by-laws.

Voted, To refer Articles 7, 8, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 24, 26, 27, 30, 33, 34, 37 and 38 to this committee.

Voted, To take up the articles in order.

ART. 6. Voted, That a discount of 2 per cent. be allowed on taxes paid on or before the first day of October, and interest be charged at the rate of 7 per cent. after Nov. 1st, 1898, on taxes assessed for the year 1898.

ART. 9. Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to hire money temporarily, not exceeding one year, in anticipation of the taxes of 1898, and give notes of the Town for the same, and that all money so hired shall be expressly made payable from such taxes of 1898. The whole amount so hired under this vote not to exceed sixty thousand dollars. Vote, 117 Yea ; 0 Nay.

ART. 10. Voted, That the Treasurer be and hereby is authorized to hire money of the Sinking Fund Commissioners, with the approval of the Selectmen, and give notes of the Town for the same, for the purpose of funding the Town debt.

ART. 23. Voted, To indefinitely postpone the acceptance of Forest avenue.

ART. 28. Voted, To refer the matter of locating an arc light at the junction of Western and Ocean View avenues, Cliftondale, to the Selectmen.

ART. 29. Voted, To indefinitely postpone the acceptance of Morton avenue.

ART. 31. Voted, To lay this article on the table, to be taken up as the first business of the adjourned meeting.

ART. 32. Voted, To indefinitely postpone the matter of the better collection of taxes.

ART. 35. Voted, To consider Article 35 in regard to the report of committee to consider Article 16 of the Warrant of May 23, 1897, referring to advertising for bids on Town work. Voted, To indefinitely postpone this article.

ART. 36. Voted, To indefinitely postpone any action in regard to the establishing of a By-Law to regulate Pedler's Licenses.

Voted, To adjourn till Monday, March 21st, 1898, at 8 o'clock P. M.

SAUGUS, March 21, 1898.

Adjourned Town Meeting called to order by the Moderator, Mr. Thomas P. Parsons, at 8.15 P. M.

Voted, To take up Article 9.

Voted, That this article as amended be accepted.

ART. 31. Voted, That a committee of fifteen be appointed to take charge of the interests of the Town of Saugus in the matter of highways and boulevards, before the Massachusetts Legislature and elsewhere, consisting of Frank P. Bennett, Arthur B. Smith, Herbert B. Newhall, William F. Hitchings, Samuel Hawkes, Charles Florence, Marion V. Putnam, John H. Parker, George Parsons, James R. Hughes, E. L. Noera, Thomas P. Parsons, Ernest R. Coombs, Maurice B. Cunningham and Edgar B. Oliver.

Said committee are authorized to employ counsel and to demand especially that the Salem Turnpike shall be taken as a State highway as speedily as possible, and that the connection of the two sides of the Metropolitan Park System at the northern end shall be made by means of a boulevard from the Point of Pines, through Wards 6 and 7, Lynn, and thence through the Saugus River Valley and Melrose, with proper connections at Lynn Woods, and thence to the Middlesex Fells.

Said committee is instructed to co-operate as fully as possible with committees having similar views, in the cities of Lynn, Salem and Newburyport, and the towns of Melrose, Revere, Peabody, Danvers and Marblehead, and other cities and towns in this section of the Commonwealth.

ART. 5. The report of the Committee on Appropriations was made at this time and was accepted. Voted, To take up the articles separately.

ART. 7. Voted, That the sum of \$17,000 be and hereby is appropriated for schools for the year 1898.

Voted, That the sum of \$6,000 be and hereby is appropriated for Selectmen's Incidentals and that no sum in excess of this amount be expended without first being brought before the Town.

Voted, That the sum of \$4,000 be and hereby is appropriated for Overseers of the Poor for the year 1898.

Voted, That the sum of \$3,500 be [and hereby is appropriated for the payment of the Water Loan, principal coming due during the year 1898.

Voted, That the sum of \$2,150 be and hereby is appropriated to be used in payment of the School-house Loan, principal coming due during the year 1898.

Voted, That the sum of \$10,000 be and hereby is appropriated for the payment of Interest, coming due for the year 1898.

Voted, That the sum of \$1,000 be and hereby is appropriated to be used for the Salem Turnpike for the year 1898.

Voted, That the sum of \$1,460 be and hereby is appropriated for the Sinking Fund for the year 1898.

Voted, That the sum of \$1,500 be and hereby is appropriated for State and Military Aid for the year 1898.

Voted, That the sum of \$6,000 be and hereby is appropriated for Highways and Bridges for the year 1898, and that no sum in excess of this amount be expended without first being brought before the Town.

Voted, That the sum of \$1,700 be and hereby is appropriated for Fire Department, and that no expenditure be made in excess of that amount unless it is first brought before the Town.

ART. 8. Voted, To take up Article 8 as a whole.

Voted, As recommended by the Appropriation Committee as follows, salaries: Town Clerk, \$100; Selectmen, \$350, Treasurer, \$400; Auditor, \$150; Overseers of Poor, \$200; Water Commissioners, \$150; Superintendent of Streets, \$100; Board of Health, \$75; Chief Engineer of Fire Department, \$100; Constable, \$30; Assessors, \$450; Assistant Engineers of Fire Department, \$100; Firemen if ten men in each Company, \$1,000; Secretary of School Committee, \$50; Superintendent of Cemetery all receipts, \$400 to be paid to the Town. Salary of the Tax Collector to be 2 per cent. if 90 per cent. of 1898 taxes are collected during that year, otherwise it is to be $1\frac{1}{4}$ per cent.

Voted, To take up Article 25.

ART. 25. Voted, That the salary of each fireman be raised to thirty-five dollars, and that the additional sum of \$400 be and hereby is appropriated for that purpose.

Voted, To adjourn until Monday, March 28, 1898, at 8 o'clock P. M.

SAUGUS, Monday, March 28, 1898.

Meeting opens at 8.05 P. M. by the Moderator, Mr. Thomas P. Parsons.

ART. 11. Voted, That the Police Appropriation be \$3,000 and the court fines; said court fines to be used for paying the expenses of the lockup and keeper of the lockup.

ART. 12. Voted, That the sum of \$150 be and hereby is appropriated for the observance of Memorial Day.

ART. 13. Voted, That the sum of \$800 be and hereby is appropriated for the Cemetery; that \$500 of said amount be used for grading avenues in the old part of Cemetery, and that the remaining \$300 of said amount be used in constructing avenues in the new part of the Cemetery; that all such work shall be done by contract, if in the judgment of the Selectmen it shall be for the best interests of the Town.

ART. 14. Voted, That the sum of \$150 be and hereby is appropriated for the use of the Electric Light Committee, which reported at the meeting of March 14th, 1898, for the further investigation in their discretion, and that the sum of \$5,400 be and hereby is appropriated for street lighting for the period running from Oct. 1, 1897, to January 1, 1899, and that the Selectmen be authorized to make a contract with the Lynn Gas and Electric Light Co., for the term of five years, at the following rates: Not exceeding \$67.00 per year for each arc light of 1,200 candle-power, and \$15.00 per year for each incandescent light, said lights to be run on what is commonly known as the "Common Sense" schedule, provided, however, that such contract shall contain a clause which shall allow the Town, without penalty, to rescind

said contract, if and whenever the Town shall establish a municipal lighting plant. Also a clause which shall give to the Town of Saugus as low a rate at any time as said company shall give to any other town or city.

ART. 15. Voted, That the sum of \$400 be and hereby is appropriated for insurance on Town buildings.

ART. 16. Voted, That the sum of \$900 be and hereby is appropriated for repairs on Town property.

ART. 17. Voted, That the sum of \$100 be and hereby is appropriated for the Board of Health for the year 1898.

ART. 18. Voted, That the sum of \$1,000 be and hereby is appropriated for the Superintendent of Schools for the year 1898.

ART. 19. Voted, That the sum of money received from the County of Essex on account of Dog Tax for the year 1897, and in addition thereto the sum of \$400, be and hereby is appropriated for the purpose of purchasing books for the Public Library and for current expenses for the same.

ART. 20. Voted, That the sum of \$50 be and hereby is appropriated for the use of the Assessors for the purpose of searching the records.

ART. 21. Voted, That the sum of \$300 be and hereby is appropriated for the purpose of conveying Lynnhurst school children for the year 1898.

ART. 22. Voted, That the sum of \$200, and the unexpended balance of the appropriation of 1897 be and hereby is appropriated for sidewalks.

ART. 24. Voted, That the sum of \$200 be and hereby is appropriated for the purpose of locating a fire-alarm box on Jackson street, Cliftondale.

ART. 26. Voted, To refer this article to the Selectmen, with instructions to relocate the lights on Central street.

ART. 27. Voted, That the matter of a drinking fountain in Lincoln Square, Cliftondale, be referred to the Selectmen, with

instructions to accept a reasonable sum for a combination drinking fountain, and locate the same in Lincoln Square.

ART. 30. Voted, To indefinitely postpone the erection of a school building at Lynnhurst.

ART. 33. Voted, That the sum of \$850 be and hereby is appropriated for the purpose of reseating and furnishing two additional school rooms at Cliftdale, and for furnishing an additional school room at Saugus Centre.

That a committee of five be chosen at this meeting to consider the matter of providing additional school accommodations at Cliftdale and Saugus Centre, either by building a new building or buildings, or the alteration and repair of the old Town Hall building. That the committee have authority to obtain estimates as to the cost of a building or buildings, or the alteration and repair of the old Town Hall building; the cost of a proper site or sites, and to report their recommendations at as early a date as practicable.

Voted, That the School Committee be three of this committee, also James R. Hughes and C. E. Putnam.

ART. 34. Voted, That the sum of \$500 be and hereby is appropriated for the purpose of connecting the boilers of the Roby and Grammar schools.

ART. 37. Voted, To indefinitely postpone the purchasing of a chemical engine.

ART. 38. Voted, That the sum of \$600 be and hereby is appropriated for purchasing hose for Fire Department.

Voted, At 10 o'clock to dissolve the meeting.

A true copy of Record. Attest:

ELMER B. NEWHALL,

Town Clerk.

SPECIAL TOWN MEETING

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in the Town affairs, to meet at the Town Hall, Saugus, on Tuesday, the fourth day of October, A. D. 1898, at 8 o'clock P. M., to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2 To hear and act on reports of committees.

ART. 3. To see if the Town will make an appropriation for highways and bridges, or see what action the Town will take in the matter.

ART. 4. To see if the Town will act on the report of the Gravel Pit Committee and make a loan for the purchase of the property, said loan not to exceed four thousand dollars (\$4,000), or to see what action the Town will take in the matter.

ART. 5. To see if the Town will make an appropriation to cover the expense of properly draining Lincoln Square, Cliftondale, or to see what action the Town will take in the matter.

ART. 6. To see if the Town will make an appropriation to cover the expense of building a sidewalk and blasting ledge on Essex street, Cliftondale, in front of the property of Mrs. Hawkes, agreeable to the petition of M. V. Putnam, A. J. Struthers and others, or to see what action the Town will take in the matter.

ART. 7. To see if the Town will accept Morton avenue as a public way in accordance with plans filed, or to see what action the Town will take in the matter.

ART. 8. To see if the Town will make an appropriation for the Assessors, or to see what action the Town will take in the matter.

ART. 9. To see if the Town will make an appropriation to cover the expense of properly draining Central street in front of the "Parkins" property, or to see what action the Town will take in the matter.

ART. 10. To authorize the Board of Selectmen to sell, lease or let the building and a part of the Gravel Pit land, at their discretion, or to see what action the Town will take in the matter.

ART. 11. To see if the Town will appropriate a sum of money for the purpose of locating an arc light on Vincent and Newhall street, or to see what action the Town will take in the matter.

ART. 12. To see if the Town will make an appropriation to cover the expense of building new outbuildings at the North Saugus school-house, or to see what action the Town will take in the matter.

And you are hereby directed to serve this Warrant by posting up attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies, as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and seal this nineteenth day of September, A. D. eighteen hundred and ninety-eight.

S. A. D. FORRISTALL,
B. F. SANBORN,
J. WESLEY PAUL,

Selectmen of the Town of Saugus.

SAUGUS, Oct. 4, 1898.

Pursuant hereunto I have notified the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the Town Hall, Saugus, on Tuesday, the fourth day of October, 1898, at 8 o'clock P. M., by posting attested copies of this Warrant in the usual places at least seven days before the time of holding said meeting, and by distributing copies of the same, as provided by the By-Laws, at least four days before the time of holding said meeting.

CHARLES A. BLAKELEY,

Constable.

A true copy. Attest:

ELMER B. NEWHALL,

Town Clerk.

SAUGUS, Oct. 4, 1898.

Meeting called to order at 8.10 P. M. by Elmer B. Newhall, Town Clerk.

ARTICLE 1. Chose Mr. Thomas P. Parsons Moderator, who, after being duly sworn by the Town Clerk, took charge of the meeting.

ART. 2. A report of the Gravel Pit Committee was made by the Selectmen, which was accepted and placed on file, as follows:

Report of Committee on Gravel Pits.

The committee elected by the Town at a Town meeting, held August 23, 1897, to investigate and report on the desirability of purchasing one or more gravel pits, beg leave to present the following report:

At the several meetings of the committee the matter has been gone over very carefully and the unanimous conclusion of the committee is that it is poor policy for the Town to purchase gravel by the load when it is possible to acquire possession of the land at reasonable prices.

Your committee have visited various parts of the Town examining what was thought might be good localities for gravel, but have been unable to find any place suitable except the property of Mrs. Hathaway on Denver street. This place contains six acres or more with buildings thereon, and so far as we have been able to ascertain is all gravel of the very best quality and in almost unlimited quantity. It is located in the central part of the Town where the land will increase in value and is convenient to a large portion of the streets radiating from Main, Central and Essex streets. This land can be bought of Mrs. Hathaway for \$4,000, payable in ten years, 4 per cent. bonds or notes. Your committee would earnestly recommend that the Town purchase the same.

S. A. D. FORRISTALL,
J. WESLEY PAUL,
B. F. SANBORN.

A verbal report of the Building Committee was asked for and made.

ART. 3. Voted, That the sum of \$500 be and hereby is appropriated for highways and bridges.

ART. 4. Voted, That the Treasurer be and hereby is authorized to negotiate a loan of not exceeding \$4,000, for the purpose of purchasing the Hathaway property. Yea, 56; Nay, 0.

ART. 5. Voted, That the sum of \$200 be and hereby is appropriated for the use of properly draining Lincoln Square, Cliftondale.

ART. 6. Voted, That the sum of \$200 be and hereby is appropriated for the purpose of removing the ledge and building a sidewalk on Essex street, as called for by Article 6.

ART. 7. Voted, To accept Morton avenue as per plan and description, as follows: The northerly side of said way begins at a stone monument set in the southwesterly corner of land of Amerige, and in the southerly line of Lincoln avenue, and running

thence south $22^{\circ} 30'$ east magnetic a distance of $800\frac{52}{100}$ feet to a second stone monument set in the southeasterly corner of land of ——— Currier. The southwesterly line of said street is parallel with said northeasterly side, and distant southwesterly therefrom 50 feet. All the land lying between said northeasterly and southwesterly lines is included in this layout. This plan was filed by E. S. Jellison.

ART. 8. Voted, That the sum of \$300 be and hereby is appropriated for the salary of the Assessors.

ART. 9. Voted, That action be indefinitely postponed in regard to an appropriation for draining Central street.

ART. 10. Voted, That the Selectmen be authorized to sell, lease or let the buildings on the gravel pit property, at their discretion.

ART. 11. Voted, That the Selectmen be instructed to place an arc light at the corner of Newhall and Vincent streets, and that the sum of twenty dollars be and hereby is appropriated for lighting the same.

ART. 12. Voted, That the sum of \$125 be and hereby is appropriated for new outbuildings at the North Saugus School-house and that the Selectmen be instructed to receive bids for this work, the same to be awarded to the lowest bidder.

Voted, That the meeting be dissolved.

ELMER B. NEWHALL,

Town Clerk.

SPECIAL TOWN MEETING.

ESSEX, SS.

To Charles A. Blakeley, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town

of Saugus, qualified to vote in the Town affairs, to meet at the Town Hall, Saugus, on Monday, the nineteenth day of December, A. D. eighteen hundred and ninety-eight, at eight o'clock P. M., to hear and act on the following articles, viz :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on Reports of Committees.

ART. 3. To see if the Town will make an appropriation to defray the expenses of the Highway Department, or to see what action the Town will take in the matter.

ART. 4. To see if the Town will instruct the Treasurer, with the approval of the Board of Selectmen, to hire an amount of money not to exceed ten thousand dollars (\$10,000) in anticipation of the taxes of 1898, or to see what action the Town will take in the matter.

ART. 5. To see if the Town will instruct the Board of Selectmen to place an arc light on Central street, opposite Jackson street, and make an appropriation for the same, agreeable to the petition of Chas. O. Thompson, Geo. M. Amerige, Albert W. Lovejoy and others, or to see what action the Town will take in the matter.

And you are hereby directed to serve this Warrant by posting up attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies, as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and seal this eighth day of December, A. D. eighteen hundred and ninety-eight.

S. A. D. FORRISTALL,
B. F. SANBORN,
J. WESLEY PAUL,

Selectmen of the Town of Saugus.

SAUGUS, Dec, 19, 1898.

Pursuant hereunto I have notified the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the Town Hall, Saugus, on Monday evening, the 19th day of December, 1898, at 8 o'clock P. M., by posting attested copies of this warrant in the usual places in said Town seven days at least before the time of said meeting; also by distributing copies of the same at least four days before the time of said meeting.

CHARLES A. BLAKELEY,

Constable.

A true copy of Record. Attest:

ELMER B. NEWHALL,

Town Clerk.

SAUGUS, Dec. 19, 1898.

Meeting called to order at 8.06 P. M. by Elmer B. Newhall, Town Clerk.

ARTICLE 1. Chose Mr. Thomas P. Parsons, Moderator, who after being sworn by the Town Clerk took charge of the meeting.

ART. 2. There were no reports made by committees.

ART. 3. Voted, That the sum of \$1,000 be and hereby is appropriated for the use of the Highway Department.

ART. 4. Voted, That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to hire money temporarily, not exceeding one year, in anticipation of the taxes of 1898, and give notes of the Town for the same, and that all money so hired shall be expressly made payable from such taxes of 1898. The whole amount so hired under this vote not to exceed ten thousand dollars. Yea, 28; Nay, 0.

ART. 5. Voted, That the Selectmen be and they are hereby instructed to place an arc light on Central street, at the head of Jackson street, in Cliftdale.

Voted, To dissolve the meeting.

A true copy. Attest:

ELMER B. NEWHALL,

Town Clerk.

ELMER B. NEWHALL,

Town Clerk.

Selectmen's Report

The annual report for the fiscal year ending Dec. 31, 1898, is herewith respectfully presented to the citizens of Saugus by the Selectmen, together with a few brief suggestions, hoping they may meet the earnest consideration of the Town's people.

Highways.

The unprecedented amount of rainfall during the whole year has caused our streets to become soft and muddy and our hills washed and gullied. Therefore the task of keeping our streets even in a passable condition has not been an easy or agreeable one.

It requires the closest attention and watchfulness over the smallest details to avoid exceeding the appropriation voted, and yet satisfy our citizens and save litigations.

We have by special appropriation taken out the ledge and made a sidewalk on Essex street near the railroad crossing, thus increasing the width of the road besides making a convenient and clean sidewalk.

The square in Clifftondale has been improved by constructing a sewer connecting the cesspools and leading off down Lincoln avenue, thereby taking off the surplus water.

Whitney street has received considerable attention. A sewer has been built and a great deal of grading done, so that now it is high and dry where formerly was water and mud.

Considerable work has been put on Winter street and a large part graded. Much grading has been done in various other parts of the Town and there are still a few places left, but, as a whole, our highway system is in very good condition.

The purchase of the Hathaway estate for a gravel pit will be-

come one of the most important aids towards grading our streets with a good strong gravel. We have there an almost unlimited amount at very low cost, having leased the land and buildings so advantageously.

More of our citizens have taken advantage of the appropriation for sidewalks than in previous years. A small appropriation, continued for a series of years, will secure what was intended—good sidewalks.

Salem Turnpike.

We have succeeded in having the Salem Turnpike made a State highway. Therefore the Town of Saugus is forever free from the yearly expense of keeping it in a semi-passable condition. It has also saved the Town from expending many thousands of dollars in the near future, rebuilding bridges, regrading and fencing this much travelled thoroughfare.

We congratulate the citizens of the Town on the successful termination of this contest, won against so many schemes and combinations, by the untiring energy and persistence of our Representative, F. P. Bennett, ably assisted by the perseverance and skill of our Town Counsel, Wesley Paul, Esq.

Street Lighting.

A contract, flexible in its character, has been made with the Lynn Gas and Electric Light Co. for lighting our streets. We hope it will prove advantageous to the Town.

Should not the Town take some further action in the matter of municipal street lighting? We consider it a duty to call attention to this subject.

Fire Department.

We refer you to the Report of Chief Engineer for details. It is the general opinion that we have as good a fire department as it is possible to obtain with the means at their command. If the citizens want more and better the appropriation must be increased.

Public Buildings.

The Grammar School-house and the Old Town Hall, Ward Two, need shingling, especially the latter. A coat of paint would add greatly to their appearance.

Your attention is also called to the grounds about the Roby School. They need to be graded and the necessary walks and fences constructed.

It seems necessary, if the Town is to continue the milk-producing business on the scale now pursued, that proper accommodations should be provided, so that it can be carried on scientifically with neatness and economy. To bring about those results, a cow-shed or house should be added to the barn large enough to accommodate all the neat stock, using the barn for hay only. We commend the above suggestions to the intelligent attention of the tax-payers.

Cemetery.

It will be necessary to make a small appropriation to re-grade some of the avenues on the older parts of the cemetery. We would also call attention to the unsightly building near the main entrance. If it was moved to some new location near the river, and the ground properly graded where it now stands, the beauty of the cemetery would be very greatly enhanced. Again, it is recommended that the Town fix a salary for the Superintendent and make an appropriation therefor.

Police Department.

No department of our Town is carried on in a more systematic and acceptable manner than our Police Department. Law and order prevail. Our little police force has thus obtained the respect of all good citizens and the fear of all bad people. The details of this department will be found in the report of Chief of Police.

Finances.

The report of the Auditor and Treasurer will give the details of this most important branch of our Town government. We would respectfully commend this to the careful attention of every citizen.

Appropriations.

We recommend the following appropriations :

| | | | | |
|-------------------------|---|---|---|----------|
| Highways and Bridges | . | . | . | \$6,000 |
| Selectmen's Incidentals | . | . | . | 6,500 |
| Police Department | . | . | . | 3,300 |
| Cemetery | . | . | . | 600 |
| Street Lighting | . | . | . | 4,700 |
| <hr/> | | | | \$21,100 |

J. WESLEY PAUL,
B. F. SANBORN,
S. A. D. FORRISTALL,
Selectmen of Saugus.

Appraisers' Report

| | | | | | | | <hr/> | \$264,100 |

J. WESLEY PAUL,
B. F. SANBORN,
S. A. D. FORRISTALL,

Appraising Committee.

Report of Overseers of the Poor

In the performance of our duty as Overseers of the Poor we submit the following report :

The whole amount of orders drawn by the Overseers department amounts to \$3,703.58, as follows : For insane, \$1,552.27 ; for partial support of eighty-five persons, \$1,778.11 ; for Town farm, \$303.35 ; for plumbing, \$4.00 ; for insurance, \$26.40 ; for Town physician, \$25.00 ; for incidentals, \$14.45.

The farm has produced large crops but the prices have been very low. We also have been unfortunate in regard to the selling of our milk. During the past year we have had two milkmen who sold their routes to parties who did not wish to continue using our dairy, but at last we were able to make a contract with Mr. Tarbox, of Chelsea, but were obliged to increase the stock in order to make the amount of milk he desired.

Owing to lack of barn room we were obliged to dispose of a large amount of our second crop which would have been valuable as a milk producer. We would recommend that the Town build a suitable building adjoining the barn for the cattle, leaving the old barn for storage of hay only.

We wish to congratulate the Town on the improvement in the management of the farm and almshouse.

There has been a decided change in the furniture of the sleeping apartments, having destroyed the old and replenished with new and more desirable.

We wish to call the attention of the citizens to the fact that the expense of keeping the inmates for the past year has been less than one dollar per week. It is the desire of the Board and also of the Superintendent that the Town's people visit the almshouse more frequently and make themselves better acquainted with the care of their poor.

We would recommend the sum of \$4,000.00 to meet the requirements of the Poor Department for the coming year; we would also recommend the sum of \$600.00 for the purpose of building a suitable building for the cattle, the same to be expended under the direction of the Overseers of the Poor.

HERBERT O. PRATT,
GEORGE FAULKNER,
CHARLES FLORENCE,

Overseers of the Poor.

Report of Sinking Fund Commissioners

To the Selectmen of Saugus:

The Sinking Fund Commissioners beg leave to submit the following report:

| | | |
|---|-------------|-------------|
| Value of Sinking Fund Jan. 1, 1898, | \$59,000 00 | |
| Interest collected to May 1, 1898 | 3,540 00 | |
| Appropriation for 1898 | 1,460 00 | |
| | <hr/> | \$64,000 00 |
| Invested in Town of Saugus notes | | \$64,000 00 |
| Value of Sinking Fund, Jan. 1, 1899, | \$64,000 00 | |
| Accrued interest not collected to Jan. | | |
| 1, 1899 | 2,560 00 | |
| | <hr/> | \$66,560 00 |

The appropriation required for the year 1899 is eleven hundred and sixty (\$1,160) dollars.

HERBERT H. NEWHALL,
SAMUEL HAWKES,
HERBERT O. PRATT,

Sinking Fund Commissioners.

Saugus, Jan. 1, 1899.

Superintendent of Streets' Report

In performance of my duty as Superintendent of Streets I submit the following report :

During the past year we have had two very heavy snow storms to take care of, besides a large amount of rain to wash and soften the streets, which has necessitated a large expense to keep them in a safe and passable condition. Therefore, I have not been able to make as good a showing as I would like to have made. There has been something over four thousand loads of stone and gravel used on our streets, beside quite a quantity of pipe and catch basin work, which will care for the water and be of great benefit to the streets. I wish the Town could afford to do more of this kind of work. Lincoln avenue, for instance, from Cliftondale square to Revere line, should be piped all the way, and the water will always be a nuisance there until something of the kind is done. This is the worst street to keep in repair, on account of water, of any in Town, and I hope the time is not far distant when it may be remedied. Walnut street, along by Birch Brook Pond, is in poor condition, and if the Lynn Water Company are not going to discontinue it there should be something done there this year. I think our streets, as a whole, are in very good condition, and if the Town will make a fair appropriation from year to year I see no reason why they cannot be kept so.

JOHN L. EDMANDS,

Supt. of Streets.

Report of Chief of Police

I herewith submit my report for the year of 1898, showing the present strength and condition of the Police Force, and reviewing briefly the duties performed during the year, together with such other information as is deemed of interest to our citizens generally.

Membership.

The force is composed of three regular and nine special officers, as follows: Charles O. Thompson, Frank W. Joy and Walter A. Pratt are the regular officers. The specials are: R. L. Mansfield, S. F. Kinney, D. B. Walker, P. A. Flaherty, C. F. Clark, Justin Mansfield, James W. Rea, John Townsend and Eli Berrett.

Crime.

The whole number of arrests for the year of 1898 was 102, of which 96 were males and 6 females.

Nature of Offence.

Assault, 1; assault on officer, 1; assault and battery, 5; breaking and entering, 1; bastardy, 2; capias, 1; cruelty to horse, 5; drunk, 31; drunk and disturbing the peace, 9; default, 2; disturbing the peace, 6; disturbing school, 5; embezzlement, 1; larceny, 6; non-support, 2; profane language, 5; peddling without a license, 5; riding bicycle on sidewalk, 5; selling cigarettes to minors, 1; selling pools, 3; truancy, 1; tramp, 1; track walking, 1; trespass, 1; vagrant, 1.

Disposed of as Follows:

Appealed, 5; committed to Salem jail, 7; committed to State Industrial School, 1; continued cases, 35; discharged by court,

11 ; fined and paid, 21 ; nol-prossed, 2 ; placed on file, 14 ; sent up to Superior Court, 6.

List of Other Work Done.

Complaints received and investigated, 160 ; doors found open and secured, 32 ; lights for dangerous places, 14 ; lights found burning, 18 ; disturbances suppressed, 5 ; search warrants served, 5 ; windows found open, 8 ; lost children found and restored, 4 ; stray horses found and put up, 6 ; fires discovered and boxes pulled, 3 ; demented people found and restored, 3.

Finance.

The total amount of fines paid during the year was \$316.00, of which the Town received \$303.50; various informers and complainants, \$12.50.

I would recommend that the sum of \$3,300.00 be appropriated for police service for the year of 1899.

I would also recommend that the sum of \$200.00 be appropriated for the purpose of purchasing a covered wagon for the use of the Police Department.

Conclusion.

In submitting my report I wish to thank the Honorable Board of Selectmen, also George M. Amerige, Trial Justice, for the manner in which they have sustained me in the performance of my duties.

I also wish to express my appreciation to the officers, regular and special, for the efficient service rendered the past year.

Respectfully submitted,

CHARLES O. THOMPSON,
Chief of Police.

Report of Board of Health

The Board of Health respectfully submits its annual report for the year 1898.

The Board was organized as follows: George W. Gale, M. D., Chairman; William F. Belcher, Secretary; Benjamin F. Robinson, Inspector.

Regular meetings of the Board are held in the Town Hall on the first Monday of each month at 8 o'clock P. M.

It is with great pleasure that we have to report that the health of the town for the year has been excellent, owing to the general carefulness and cleanliness of its citizens. We have had but two complaints, and when requested have been cheerfully and promptly abated. We thank all the citizens for their kindness in keeping their property in so clean a manner.

We have to record the following cases of contagious diseases reported during the year: Diphtheria, 1; scarlet fever, 1; typhoid, 3, and no deaths.

A number of licenses have been granted by the State to maintain boarding houses for infants.

All privies and vaults should be cleansed at least once a year.

We would again urge upon the citizens of the Town the great necessity for the better construction of cesspools and vaults. We have inspected many places on account of poor drainage and in many of them found the cesspools entirely inadequate, either from poor construction or insufficient size.

Complaints of various kinds were made to the Board, and all were investigated without delay, and where any nuisance was found to exist it was promptly ordered abated, and the order was complied with in every case.

We would call the attention of the citizens of the Town to Rule 22, with the additions recently adopted, of the Rules and Regulations of the Board of Health, as follows:

RULE 22. No person shall build, or cause to be built, any privy, vault, or cesspool, unless the same is constructed in a thorough and substantial manner, lined with stone, brick or other suitable material of sufficient thickness and strength to prevent the walls from falling in, and located so that the inside of the same shall be at least three feet distant from the line of any adjoining lot or street.

Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet distant from any well, spring, or any other source of water supply used for culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from any domestic source, be permitted to enter any stream, brook, run or pond within the limits of the Town.

SECTION 1. No person shall cause to be built any cesspool upon any premises owned or occupied by him or his tenants, without first having obtained consent from the Board of Health in regard to the location of the same.

SECT. 2. No cesspool shall hereafter be constructed within the limits of the Town, unless the same shall be provided with a suitable manhole; the manhole to be level with or higher than the surface of the ground, and sufficiently large to admit the body of a man to pass through it for the purpose of cleaning the same.

SECT. 3 No owner or tenant of any building, of any description, shall hereafter be allowed to connect any sink or water-closet with, or put any waste material or filth into, any old or unused well within the limits of the Town.

We would recommend that a sufficient sum of money be appropriated for the collection of ashes, swill and garbage, at least twice a week, as this will insure a generally improved sanitary condition in and around all premises.

GEORGE W. GALE, M. D., *Chairman.*

WILLIAM F. BELCHER, *Secretary.*

BENJAMIN F. ROBINSON, *Inspector.*

Report of Cattle and Milk Inspector

Owing to the fact that the Legislature did not make an appropriation for the Board of Cattle Commissioners the work of inspecting has been discontinued. The slaughter house inspection goes on as before. There has been about one animal killed each month, all of them being in good condition. There has been 33 milk licenses granted from May 1, 1898 to Jan. 1, 1899. I have tested about three hundred samples of milk, most of which I found to be good, the poor not being of such a quality as to warrant arrest. There is one matter I should like to bring before the milk dealers and that is the negligence in renewing their licenses. Please remember that it costs the Town money to have the inspector drive about to each individual owner, instead of allowing a fine to be imposed as is provided for by law.

Respectfully submitted,

A. W. SAWYER,
Inspector.

Saugus, Jan. 1, 1899.

REPORT OF Engineers of Fire Department

Eleventh annual report of condition of the department, with a list of fires and alarms which have occurred during the year, also recommendations for the ensuing year.

Membership.

Board of three engineers, four companies of ten regular men each and three call men each.

Apparatus.

The apparatus consists of 3 hose wagons, 6 Babcock chemical extinguishers, 4,300 feet of hose, 6 play pipes, 25 spanners and belts, 15 hose hooks, 35 rubber coats, 14 fire hats, 3 axes, 3 crow-bars, 3 plaster hooks, 6 lanterns, 3 hammers, 3 monkey wrenches, 6 ladder dogs, 18 rakes, 3 jump nets, 6 18-foot extension ladders, 8 horse blankets, 3 drag ropes. One Rumsey ladder truck, equipped with 2 Underwriters' chemical fire extinguishers, 1 45-foot Somerville extension ladder, 1 30-foot ladder, 1 25-foot ladder, 1 30-foot roof ladder, 2 20-foot roof ladders, 1 pull-down hook with chain and ropes, 3 pitchforks, 3 long hooks, 2 axes, 1 crowbar, 2 sledge hammers, 4 crotch poles, 4 lanterns, 4 leather buckets, shafts, pole and drag rope. We also have 2 45-foot extension ladders, 2 20-foot roof ladders, 4 sets of double harnesses and 4 sets of hangers.

Record of Fire Alarms for 1898.

Total bell alarms, 25.

Total second alarms, 3.

Total still alarms, 1.

Total false alarms, 1.

Total needless alarms, 3.

Total miles run by all apparatus, $36\frac{3}{4}$.

Total feet of hose laid, 10,000.

Total feet of ladders used, 454.

Total gallons chemicals used, 52.

Total members of department injured at fires, 2—slightly.

Persons, not members, injured, 1—burned.

Fires where no water could be used on account of no pressure, 3.

Jan. 7. Box 126. Dwelling house, Broadway, unoccupied.
Total loss. Incendiary.

Jan. 10. Box 21. Wooden dwelling, unoccupied, Western avenue. Owner, Homestead Bank. Loss, \$1,100; insurance, \$1,100.

Jan. 31. Box 21. Wooden dwelling, owned by Joseph Slattery and occupied by him, Mt. Vernon street. Damage slight. Insurance covered loss. Cause, overheated stove.

Feb. 18. Box 18. Henny building on Vine street, owned by Mr. Parrott for brooding. Caused by lamp in incubator exploding. Damage about \$75.

Feb. 21. Box 125. Frame dwelling on Essex street, owned by John Parker; caused by lime in cellar slacking. Damage slight; covered by insurance.

March 16. Still alarm for brush fire on land of Getchell on Main street.

March 18. Box 37. Brush fire on land of Mr. Beede on Adams avenue.

March 21. Box 14, with second alarm. Stable on Central street, owned by John O'Brien. Cause unknown. Loss, \$750; insured.

March 24. Box 25. Brush fire on land of Mr. Stone off Elm street, Cliftondale.

April 2. Box 21. Grass fire in Cliftondale extending to some lumber owned by E. L. Noera. Damage slight.

May 16. Box 21. Frame dwelling on Baker's Hill, owned by L. G. Kingman; unoccupied. Cause, incendiary Total loss; insured.

June 16. Box 24. Frame dwelling on Clifton avenue, owned and occupied by Daniel Flynn. Total loss; insured. Cause, incendiary.

June 17. Box 21. Pulled by unknown party for fire at Flynn's, above mentioned.

June 26. Box 23. False alarm.

Aug. 10. Box 124. Stable used by Dr. Hone, off Essex street. Total loss on barn and contents. House scorched and one room slightly damaged, with contents. Insurance, \$200. Caused by lantern exploding.

Aug. 11. Box 124. Rekindling of ruins of Dr. Hone fire.

Sept. 17. Box 25. Frame dwelling off Elm street. Cause, exploding oil stove. No damage.

Sept. 26. Box 25. Frame dwelling on Park avenue, owned by Mr. Henry and occupied by — Henry. Cause, incendiary. Damage about \$75; insured.

Sept. 27. Box 25. Fire in a different part of above mentioned dwelling. This fire caused heavy loss to building and contents. Covered by insurance. Cause, incendiaay.

Nov. 13. Box 18. Second alarm. Barn on the corner of Main street and Broadway, owned and occupied by A. S. Edmands & Son. Total loss, with contents; partly insured. Cause, lantern upset.

Nov. 16. Box 37 with second alarm. Frame dwelling on Central street, owned by Mrs. Sarepta Twiss and occupied by Henry A. A. Ryder. Caused by defective flue. Loss on building covered by insurance. Loss on furniture \$150, with no insurance. Second alarm pulled by mistake of party in sending in alarm.

Dec. 14. Box 214. Frame dwelling on Newhall street, owned and occupied by Patrick Fleming. Cause, thawing out water pipes. No damage.

Dec. 24. Box 21. Stable on Lincoln avenue, occupied by J. Rea. Partial loss; insured. Cause, incendiary.

We would recommend that the Town appropriate sufficient money for the purchase of one dozen Underwriter's fire extinguishers (3 gal. size) to be placed in the Town Hall and school-house.

We would recommend that the sum of (\$300) three hundred dollars be appropriated for the purchase of new hose.

We would respectfully recommend that the sum of (\$1,800) eighteen hundred dollars be appropriated for the expense of the department for the ensuing year.

In closing we wish to thank the officers and members of the department for the very prompt and efficient manner in which they have responded to all calls in the past year; also to Mr. James F. Pratt for his efficient service as electrician for the past year.

Respectfully submitted,

JOHN C. TOWNSEND,

Chief Engineer.

Board of Engineers:

J. C. TOWNSEND, *Chief.*

J. ARTHUR FARNUM, *First Asst.*

HENRY F. FISKE, *Second Asst.*

Financial Statement.

March appropriation \$1,700 00

Free Public Library

Trustees' Report.

It is with the greatest of pleasure that we can report to you that the year just closed has been a most satisfactory one; showing conclusively the efficiency and usefulness of our library. The increase in the number of volumes loaned, over that of last year, has been very noticeable; and the librarian has taken the greatest care in assisting children, and grown people as well, in the selection of books. A new feature has been "The Art Exhibitions," (of which two have already been held) and we do hope our citizens enjoyed them, for there will be several arranged for the coming year. During the summer the ladies gave an afternoon social and the proceeds added to our library the two splendid books—"Nansen's Farthest North," and "Northward Over the Great Ice." The library has received books from the government through our representative and senator, and the State has also sent us many copies of works which are of value. Magazines and books have been contributed by Mrs. Cheever, Mrs. Brewer, Mrs. Hughes, Miss Thayer, Miss C. L. Armitage, Miss Cowdrey, of Lynn, Rev J. C. Labaree, Saugus, Mr. John Parsons, of Denver, and Miss Newhall, as well as several others. Catalogue bulletins have been received from the Brookline, Lynn, Revere and Provincetown libraries. Many works, descriptive of cities and towns have also been received. We greatly need a larger library room—our shelves are filled to overflowing and we must have more space. Something will have to be done very soon to increase the accommodation for books, to say nothing about a reading room which will soon be absolutely demanded by the patrons of the library.

The expenses of the library are constantly increasing with its growth, and an increased appropriation is needed to carry on the

work properly. No money is expended by the Town that will bring more good to a larger number. It does not seem to your trustees that a less amount than \$500 and the dog tax will carry the work through the year. The library is not an experiment ; it is a necessity and ought to grow with the Town.

| Number of polls registered | 1,425 | a gain of | 9 |
| Number of persons paying poll tax only | 708 | a loss of | 24 |
| Number of persons paying property tax | 1,678 | a gain of | 106 |
| Total number of persons assessed . . | 2,386 | a gain of | 82 |
| Number of persons liable to do military duty | 880 | a loss of | 38 |
| Number of dogs registered | 222 | a gain of | 2 |
| Population as taken by the assessors . | 4,884 | a gain of | 76 |

Amount of Property Assessed.

| | | | |
|-----------------------------------|-------|-----------|-----|
| Number of dwelling-houses | 1,144 | a gain of | 50 |
| Number of acres of land | 5,940 | a loss of | 9 |
| Number of horses | 417 | a loss of | 24 |
| Number of cows | 659 | a gain of | 9 |
| Number of neat cattle | 4 | a loss of | 2 |
| Number of sheep | 35 | a loss of | 34 |
| Number of swine | 45 | a gain of | 24 |
| Number of fowl | 7,591 | a gain of | 558 |
| Number of bicycles | 232 | a gain of | 84 |

Value of Real and Personal Estate.

| | | |
|--------------------------------------|-------------|-------------|
| Personal property assessed | | \$163,378 |
| Buildings | \$2,036,775 | |
| Land | 1,313,137 | |
| | <hr/> | <hr/> |
| | | 3,349,912 |
| | | <hr/> |
| | | \$3,513,290 |

Divided as follows :

| | | | |
|---|-------------|-----------|----------|
| Resident real estate | \$2,461,450 | a gain of | \$90,925 |
| Non-resident real estate | 897,482 | a gain of | 94,894 |
| Resident personal estate | 157,228 | a loss of | 10,280 |
| Non-resident personal estate, | 6,150 | a loss of | 4,225 |

Value of Personal Property.

| | | | |
|--|---------|-----------|-----------|
| Money at interest | \$9,370 | a loss of | \$5,405 |
| Stock in trade | 50,700 | a loss of | 6,475 |
| Machinery | 31,550 | a loss of | 300 |
| Carriages | 10,640 | a gain of | 140 |
| Bicycles | 6,633 | a loss of | 27 |
| Live stock | 45,749 | a loss of | 2,539 |
| Wood, lumber, and other property | 8,736 | a gain of | 101 |
| | <hr/> | | |
| | | | \$163,378 |

| | |
|--|-------------|
| Total value of assessed estate, May 1, 1898, | \$3,513,290 |
| Total value of assessed estate, May 1, 1897, | 3,350,636 |

| | |
|-----------------------------|-----------|
| Showing a gain of | \$162,654 |
|-----------------------------|-----------|

Divided as follows :

| | | |
|-------------------------------------|-----------|---------|
| Buildings | \$66,025 | |
| Land | 111,134 | |
| | <hr/> | <hr/> |
| | | 177,159 |
| On personal property | a loss of | 14,505 |
| | | <hr/> |
| Showing a net increase of | | 162,654 |

Basis of Taxation.

| | | |
|---|-------------|-------------|
| Amount of appropriations | \$72,915 00 | |
| County tax | 1,830 00 | |
| State tax | 2,726 94 | |
| Overlay | 1,740 50 | |
| Rebates to balance | 699 88 | |
| | <hr/> | 79,912 32 |
| Less Town income | | 4,500 00 |
| | | <hr/> |
| Net amount raised by taxation | | \$75,412 32 |

Apportioned as Follows:

| | | |
|------------------------------|-------------|-------------|
| On real estate | \$69,373 08 | |
| On personal estate | 3,349 24 | |
| On polls | 2,690 00 | |
| | <hr/> | \$75,412 32 |

Total tax for State, County and Town purposes, committed to Lewis J. Austin, collector, \$75,412.32.

Tax on 420 acres of land, taken from Saugus by the City of Lynn, in connection with water supply, at an average value of \$45.00 per acre, based upon a tax rate of \$20.50 per \$1,000, is \$422.50.

The assessors recommend an appropriation of \$600.00, to meet the estimated expenses of their department for the year 1899.

Also the sum of \$50.00 for searching records and for plans for use of assessors.

BENJAMIN F. CALLEY,
NATHAN K. CROSS,

Assessors of Saugus.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND
Superintendent of Schools
OF THE
TOWN OF SAUGUS

FOR THE YEAR ENDING DECEMBER 31, 1898

WHITTEN & CASS, PRINTERS,
No. 33 Munroe Street,
LYNN, MASS.

SCHOOL COMMITTEE.

| | | |
|------------------------------------|---|-------------------|
| THOMAS P. PARSONS, <i>Chairman</i> | . | Term expires 1900 |
| GEORGE M. AMERIGE | . | Term expires 1901 |
| HENRY J. MILLS, <i>Secretary</i> | . | Term expires 1899 |

The Board meets in its rooms in the Town Hall, the first Monday of each month at 7.30 P.M.

SUPERINTENDENT OF SCHOOLS.

CHARLES E. STEVENS.

The Superintendent may be found at his office, in the Town Hall building, on Mondays and Thursdays, from 4 to 4.30 P.M.

CALENDAR, 1899.

Winter term (11 weeks), January 2—March 17.

Spring term (12 weeks), April 3—June 23.

Fall term (15 weeks), September 11—December 21.

Recess, Thursday and Friday of Thanksgiving week.

Winter term opens Tuesday, January 2, 1900.

The winter term and the spring term of the High School will close one week later than is indicated above.

FINANCIAL STATEMENT.

RECEIPTS.

Report of the School Committee

To the Citizens of the Town of Saugus:

At the close of our financial year we submit our annual report.

It is gratifying to be able to state that we close our year with all bills paid without having exceeded our appropriation. The continued increase in the number of pupils, however, will necessitate our asking for a larger appropriation for the coming year.

Notwithstanding much progress has been made in our schools, still we believe there is much yet to be attained in order to have them take rank among the best in the State; this position can not be reached at a bound, but must be approached gradually from year to year. To aid in attaining this high standard the co-operation of parents is required.

In looking over this report it will be seen that the number of visitors to the school during the year has been eleven hundred and thirty-three (1,133), four hundred and fifty less than last year. This apparent lessening of interest by parents and friends is to be deplored. When we consider that the whole number of pupils enrolled was twelve hundred and eighty-four, we find that a smaller number visited the schools during the whole year than there were pupils. Parents should deem it their duty to make frequent visits to the schools, especially to the schools where their own children attend. They should know and feel acquainted with the teacher, confer with her frequently, mark the progress of their children and have a more general knowledge of the work being performed.

The committee desires to call the attention of parents to the danger attendant upon sending their children to school when they are ill with contagious diseases, a practice productive of serious results alike to the children themselves and to other children in the school with whom they come in contact. If a child is ailing and has a sore throat, or any of the symptoms of scarlet fever, tonsillitis or diphtheria, it is best that such child should be detained at home until the danger is over, or until a physician can be con-

sulted. This course is much safer for the child, and also for the other pupils who have a right to be protected from unnecessary exposure. After such a case is in the hands of a physician, the responsibility rests with him and with the Board of Health; but the great danger of spreading contagious diseases arises from cases where the illness is so slight that a doctor is not called, and in such cases the parents should exercise some judgment.

While the committee would not for a moment think of placing the health of the pupil and the expense which the burning of books and papers entails, in the same scale, yet the town can ill afford to replace the books in even a single school-room, when the necessity for such expenditure arises from a case of illness which, by ordinary care and prudence, could have been kept out of the school. The lives and health of the school children must be protected at any cost, and the committee will take all proper measures to that end, but the parents must do their share. If what we have said on this subject results in keeping a single case of contagion out of any school, we shall feel well repaid.

Attention of parents is called to the law in relation to truants and truancy and to their own liability for neglecting to cause their children to regularly attend school. As this law was recently passed we have been quite lenient in its enforcement, but shall consider it our duty hereafter to be more strict in complying with its requirements.

Nine new schools have been established since 1892, and we see no reason to look for any less rapid increase in the future. The cost of maintaining a school averages \$550. The appropriations required for running the schools in the future must as a natural result be larger from year to year. One new school, at least, will have to be opened the present year, and the overcrowded condition of some of the grades may oblige us to open two.

We estimate the expenses for the coming fiscal year, as follows:

| | | | | |
|--------------------|---|---|---|-------------|
| Teachers' salaries | . | . | . | \$12,600 00 |
| Janitors' salaries | . | . | . | 1,700 00 |
| Fuel | . | . | . | 1,600 00 |
| Books and supplies | . | . | . | 1,600 00 |
| Incidentals | . | . | . | 100 00 |
| | | | | <hr/> |
| | | | | \$17,600 00 |

Attention is called to the desirability of action being taken immediately for additional school accommodations in Cliftondale. We have hired Clifton Hall temporarily, but the prospect now is that another school will be required the present year, and no suitable available building is to be found. This matter was referred to a committee at our last annual Town Meeting, and a report will be expected at our annual meeting in March.

The reports of the Superintendent, Principal of the High School, and teachers of music and drawing, are incorporated as a part of our report, and we ask a careful perusal of the same.

THOMAS P. PARSONS,
HENRY J. MILLS,
GEORGE M. AMERIGE,

School Committee.

Report of the Superintendent

To the School Committee:

GENTLEMEN,—During the year 1898 the schools of Saugus have held the ground already gained and made a few distinct steps in advance. The numerical increase, although not equal to that of the previous year, is nevertheless marked. There has been more than the usual amount of illness, which has somewhat lowered the expected percentage of attendance. The statistics for four years are here given :

| REPORTS OF | 1895. | 1896. | 1897. | 1898. |
|---|-------|-------|-------|-------|
| Total enrollment . . . | 960 | 1037 | 1196 | 1284 |
| Average membership for the year . . . | 743.1 | 811 | 912.7 | 972 |
| Average membership for the Winter term . . | 720.1 | 774.4 | 855.7 | 953 |
| Average membership for the Spring term . . | 703.4 | 778.1 | 880.5 | 925 |
| Average membership for the Fall term . . | 806 | 863.4 | 986.1 | 1021 |
| Average attendance for the year . . . | 681.1 | 747 | 850.3 | 897 |
| Average attendance for the Winter term . . | 652.9 | 698.4 | 782.4 | 872 |
| Average attendance for the Spring term . . | 644.7 | 720.6 | 814.2 | 853 |
| Average attendance for the Fall term . . | 745.6 | 804.5 | 929. | 948 |
| Per cent. of attendance . | 91.6+ | 92.+ | 93.+ | 92.2 |

The large increase in the number of pupils at Cliftondale made it necessary in September to open another school. Clifton Hall was secured and grade five was placed in it. This change did not

relieve the highest grammar grades, but by putting in more desks in these rooms the opening of another school has been deferred. Additional school-rooms will be needed soon to accommodate the constantly increasing number of pupils.

At East Saugus the primary school of grades one and two opened in September with more than sixty pupils. It is impossible for one teacher to properly care for such a large number, but there being no unoccupied school-room another school could not be formed. However, an assistant teacher was engaged and has been working in the same room with the regular teacher.

The North Saugus school has a membership of more than forty pupils. In a school of all grades as large as this with the large number of daily recitations, one teacher can not do very acceptable teaching. As there is another room in this building which might be used for school purposes it may be well to consider the advisability of dividing this school and employing two teachers.

The most potent factor in education is the personal element. As the result of all the combined educational forces we look for nobility of character, for men and women of the highest ideals. The teacher's influence should be strongly felt in bringing about this most desirable result. She should not have more pupils than she can help by her wise counsel and personal influence. But when the number of pupils placed in any one room exceeds thirty-five the individual attention is not great, and steadily diminishes as the number of pupils increases. To herd together fifty or more pupils in the care of one teacher is to make it impossible for her to greatly influence them as individuals. The chief aim of education is thus almost lost from view.

Thirty teachers, including the supervisors of music and drawing, are now in the employ of the Town. Of this number ten have begun service this past year. During the same time seven have been released—four to accept more remunerative positions elsewhere, and three to establish homes of their own. At their own request three teachers have been granted transfers, Miss Austin from North Saugus to Cliftdale, Miss Parsons from East Saugus to Cliftdale, and Miss Chubbuck from Cliftdale to Saugus Centre. Miss Cook, the supervisor of drawing, whose resignation was received early in the year, began a good work in

Saugus, which has since been successfully carried on by Miss Sadie R. Melzard. The change and addition to the High School corps of teachers is noted in the report of the principal.

The large number of changes in our corps of teachers is to be regretted. It seriously interferes with continuous and successful adherence to our plans and methods, and tends to destroy a certain *esprit de corps*, so essential to the highest efficiency. On the other hand, it is a pleasure to work with a body of teachers who are ambitious, anxious for suggestions in regard to ways of improving their work, who are students of educational problems, and who are determined to win such approval of school officials as will secure for them a call to a more lucrative position. Such teachers—the enthusiastic, *growing* teachers—cannot often be retained for a long term of service at the salaries we offer, but the short term of first-class teachers is preferable to a longer term of any other class.

There is one teacher in town whose name deserves special mention on account of length and efficiency of her service. In the report of the School Committee of Saugus for the year ending March, 1850, it is recorded that Miss Eliza A. Mansfield took charge of the primary school in Ward No. Four, during the last half of the year. Miss Mansfield has occupied this same position during all the years since that time, and before the close of another calendar year, if her present good health continues, will complete fifty years of successful service. Such a rare event calls for popular recognition.

In the Saugus annual school reports of the last twenty-five years the question of teachers' salaries has frequently been the subject of comment. In the report of 1877, after speaking of the desirability of more skilful teaching, we find these words: "To secure the advantages mentioned above, it is obvious that a larger expenditure than at present would be needed. High education, wide culture, choice combination of character, like all other rare and valuable things, can be obtained only by paying the worth of them. If these, however, are indispensable to valuable results in education, they should be secured. If it be deemed impracticable to do this, let us not be surprised or disappointed if we do not secure the results which they alone can afford."

In the report of 1880 it is recorded that "The pay of our teachers ranges from six and one-half to nine dollars a week ; this is believed not to be more, and in many instances far less than fair working ability commands in factories." The report of 1881 records a small increase in teachers' salaries, and then adds : "Notwithstanding this increase they are still paid less than in most towns of this vicinity." This statement is certainly true today. In the reports of 1885 and 1886 we are glad to find another small increase of teachers' salaries mentioned. Nevertheless the report of 1888 has these words : "We have no word of fault to find with the Town for its school appropriations. It deserves great praise for the liberal amount of money it spends for educational purposes, considering its population and its relative valuation. Nevertheless, we have great difficulty in retaining our teachers, when other towns and cities are paying greater salaries, thereby inducing many of them to leave us just when we most need their services. We hope the Town will enable us by its next appropriation, to add still further to the pay of these worthy teachers, whose entire time, talents and energies, after long preparation, are devoted to the highest interests of our Town." This statement is as true this year as ten years ago. The report of 1879 has this striking quotation : "The most alluring swindle that a penny-wise and pound-foolish public economy ever forced upon the masses is a cheap school teacher."

To these statements of other years little need be added to represent the condition of things now. Saugus continues to send forth its good teachers to do most acceptable service in more highly favored communities. This must be so, I presume, for some years to come. But the impression must not prevail that the teachers of Saugus are not highly efficient. Indeed, they are rendering a service wholly out of proportion to their remuneration. Not a few of them could acceptably fill positions at the maximum salary paid in neighboring cities.

I am glad to know that their valuable services are appreciated more than ever before. Nor has appreciation been wholly confined to parents having children in school. And it is right that it should not be, for every resident of the Town has a vital interest in maintaining a high standard of intelligence, culture and moral-

ity. At the school exhibit in the Town Hall last June, it was my privilege to meet and converse with a large number of the people of Saugus. And I was deeply impressed by the marked interest in the schools which was manifest by all, also by the spirit of real co-operation so evident in the remarks of parents. In the tremendous responsibility of training children, parents appreciate any help the teacher renders, and teachers are greatly encouraged by the help and sympathy of the parents.

The teachers' meetings have been conducted about as in previous years. General meetings, grade meetings and volunteer classes have claimed our attention. By a system of exchange with superintendents of this vicinity, the teachers have had the pleasure of listening to Supt. George E. Gay, of Malden, on "Language Training," and to Supt. W. H. Small, of Chelsea, on "The Development of Historic Interest." Other addresses, by Supt. C. H. Morss, of Medford, Supt. F. H. Nickerson, of Melrose, and Supt. R. J. Condon, of Everett, are to follow. We should be pleased to welcome to our teachers' meetings anyone interested in education.

In the annual report of 1877 we find these words: "In our present system, very little if any attention is given to the culture of the æsthetic element of our nature. It is not possible, of course, to do much in this direction, but that should make it all the more important for us to secure as much as is possible, consistently with other demands. * * * Much would be accomplished if care were taken to provide pleasant, attractive and tasteful school-houses and recitation rooms. The exhibition of taste in the surroundings of the school would tend by its silent influence, to develop taste among those brought into almost daily contact with it. The introduction of drawing is an influence which tends in the same direction." It is gratifying to think of the great advance in this phase of education during the last few years. Our beautiful school-houses, both the new and the old renewed, lend their aid. A few pictures adorn the walls of several rooms, especially at East Saugus, which have been presented to the schools by friends. And yet in most cases the walls are bare. I wonder if there are not those who would be glad to assist in beautifying our otherwise delightful school-rooms by

contributing pictures or other works of art. The instruction in drawing as now given is a potent factor in developing an enthusiastic appreciation of the beautiful. The work in drawing as seen in the exhibit of last June received very favorable mention. And if any should remark that such work in the schools is needlessly ornamental, it might be said that "God when he created the heavens, did not forget the rainbow and the sunset; and that He created along with corn, potatoes and cabbage, also the lily, the morning glory and the rose."

The report of the supervisor, Miss Melzard, is here inserted :

ATLANTIC, MASS., Dec. 30, 1898.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—Though it is but a short time since the introduction of drawing in the schools of Saugus, the progress made has been very satisfactory. Since I have had charge of the work the teachers have been very kind, interested and open to suggestions, and I feel that the progress made is due largely to them.

Our aim in teaching drawing in the schools is to awaken a love for the beautiful in the child, and to make the child feel that he can create beautiful things. No one can appreciate a beautiful thing at once: appreciation comes through a study of the parts which make it so. We call these parts structure, enrichment and appearance.

In September we began under the head of enrichment, studying color, drawing in all mediums the leaves and flowers, followed by a decorative treatment of the same, trying to bring out the creative power of the child. This part of the work appeals especially to the children, and they express themselves remarkably well. We do not try to bring them up to any fixed standard, but try to have them express their individuality.

Next came the appearance work, the drawing of objects singly, then in pleasing groups. With this work we shall try to study some of the great masters and their work, for we think it as important for the child to know a great artist as a great author, and a good picture as a good book.

In February and March will come the construction work in which we shall aim to have the children appreciate the structure

of things, be able to read working drawings, and create some beautiful thing.

During April, May and June, we shall study color, historic ornament and design. All the schools are now supplied with brushes, and we hope to do some good work.

The work in the High School is rapidly improving. We have recently had some good casts furnished, and are just starting light and shade, with charcoal.

I give three lessons a month to the pupils in the High School, and visit the other schools once a month. Teachers' meetings for primary and grammar grades are held once a month.

In closing, I wish to thank you and the School Board for your interest and help, and the teachers for the spirit in which they have taken up the work.

Respectfully submitted,

SADIE R. MELZARD,

Director of Drawing.

The singing in our schools is good. The results are very satisfactory. Miss Page who has had the care of this department for several years, and still remains at its head, presents the following report :

SAUGUS, MASS., Jan. 10, 1899.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—In looking back over the year's work, since the last yearly report, I see steady advancement in all grades. Our pupils enjoy singing and are enthusiastic in their work which alone bespeaks success.

In the education of a child music may exert a very wide influence, an influence reaching beyond the mere knowledge of the science itself, and affecting more or less the child's whole nature.

When proper attention is given to the voice, to position and to correct breathing, the beneficial effects of singing upon the physical health are considerable. Therefore, let all children sing.

As an aid in mental discipline and the training of the eye, sight singing is valuable in the same way that mathematics and all study of form are useful. Great concentration of mind and quickness of sight are required for this study, and these are sure to help the child in his other studies. Therefore, let all children read music.

The refining influence of good music upon the moral nature of the child is acknowledged by all. The interest displayed by most children in a well-conducted singing lesson proves their eagerness to be admitted to the world of music. Music softens and refines the emotional nature and in many ways makes the individual better prepared for the duties and pleasures of life.

Our enrollment has so increased that the first five grades are now in separate rooms; this facilitates our work very greatly and another year will show more decided growth.

During the spring two choruses of High School pupils were formed. The choruses furnished the musical entertainment at the graduation in June and I am sure their singing was enjoyed and appreciated by all.

Our teachers have been most faithful in carrying on the work as outlined, and to them is due much credit for our successful year.

Respectfully submitted,

HELEN M. PAGE.

The evolution of the Saugus High School is an interesting study. Twenty-five years ago it was a small school of twenty-five pupils, in the care of one teacher. Much of the work which they then did is now taken up in the grammar schools. In 1880 the school had two teachers, an improved course of study, and an average attendance of thirty-three. Pupils were admitted to the High School after completing about the same work as is now accomplished in grade eight. For the next twelve years the membership slowly increased. In 1893 the average attendance was a little more than forty. In the fall of 1895 there was an average attendance of a little more than sixty, three teachers were employed, and the course of study greatly improved and extended. At the present time, with nearly one hundred pupils, four teachers

and good courses of study, an excellent school-house, and fair laboratory conveniences, this school as never before is equipped for successful work.

One or two other provisions will soon demand consideration. Stenography and typewriting are rapidly finding a place in the leading high schools of the State. Manual training is now *required* in not only the High School, but also the elementary schools of cities or towns of twenty thousand or more inhabitants. This appears to me to be a wise requirement, and well worthy of the consideration of smaller towns. It would be well if Saugus had a manual training plant, where not only school pupils, but minors who spend their time on the streets, could be compelled to busy themselves. Boys and girls nowadays do not work enough.

Your attention is called to the report of Principal Adams :

SAUGUS, MASS., Jan. 2, 1899.

Mr. C. E. Stevens, Superintendent of Schools :

DEAR SIR,—I have the honor to submit to you my third annual report. The average membership in the High School for the year has been eighty-eight, about nine per cent. more than last year. The membership by classes at the present time is as follows :

| | | | | | |
|-------------|---|---|---|---|----|
| Class one | . | . | . | . | 11 |
| Class two | . | . | . | . | 27 |
| Class three | . | . | . | . | 24 |
| Class four | . | . | . | . | 33 |

This shows our present membership to be ninety-five. Of these, thirteen are taking the four years' classical course, with Greek ; twenty-two are taking the four years' classical course, with Latin and French ; and the remaining sixty are taking the three years' English course.

At the opening of the term in September it was found advisable to have a fourth teacher in the High School. This became necessary because of the increased demand for a more extended curriculum, as well as because of an increased membership in the school.

The High School now occupies the entire upper part of the Roby School building, where we have ample room for our work.

In June Miss Dickerman resigned from our corps of teachers to accept a better position in Connecticut, and Miss Lang, a graduate of Smith College, was elected to fill the position made vacant by her. Miss Emery, a graduate of Wellesley, was elected to teach English Literature. This now enables us to offer a much better course of study for our pupils than heretofore.

This is especially true of English Literature. No branch of study in our High School is of greater importance than English Literature; therefore, we should be untiring in our efforts to place the best books in the hands of our pupils, and thereby cultivate a taste for good reading. Reading has much to do with what a child thinks, feels, and does, and consequently what he is. If our pupils, at graduation, have no desire for the better class of reading, then the work of the school, in a great measure, has been a failure. With this thought in mind, we have improved and extended the course in English Literature. After consulting with Miss Emery, our teacher of English, a list of books was prepared from which each pupil is required to select and read two each term. The following is the list as arranged:

CLASS I. DIVISION I.

- | | | |
|----|---|-----------------------|
| 1. | Adonais | <i>Shelley</i> |
| | Ode to the West Wind | " |
| | To a Skylark | " |
| | Among the Euganean Hills | " |
| | Stanzas in Dezection near Naples | " |
| 2. | In Memoriam | <i>Tennyson</i> |
| 3. | Eve of St. Agnes | <i>Keats</i> |
| | Ode on a Grecian Urn | " |
| | Ode to Melancholy | " |
| | Ode to Psyche | " |
| | Ode to a Nightingale | " |
| 4. | Sonnets (first twenty-five in series) | <i>Shakespeare</i> |
| 5. | Lady Geraldine's Courtship | <i>E. B. Browning</i> |
| 6. | Prisoner of Chillon | <i>Byron</i> |
| | All for Love | " |
| | Destruction of Sennecharib | " |

| | | |
|-----|--|--------------------|
| 7. | Saul, the Lost Leader | <i>R. Browning</i> |
| | Love Among the Ruins | " " |
| | How they Brought the Good News | " " |
| | Evelyn Hope | " " |
| 8. | Dover Beach | <i>Arnold</i> |
| | Thyrsis | " |
| | The Strayed Reveller | " |
| | The Forsaken Merman | " |
| 9. | The Ancient Mariner | <i>Coleridge</i> |
| | Kubla Khan | " |
| | Christabel | " |
| 10. | The White Doe of Ryleston | <i>Wordsworth</i> |
| | Laodamia | " |

DIVISION II.

| | | |
|-----|--|---------------------|
| 1. | Pride and Prejudice | <i>Austin</i> |
| 2. | Mansfield Park | " |
| 3. | Confession of an Opium Eater | <i>De Quincey</i> |
| 4. | An Humble Romance | <i>Mary Wilkins</i> |
| 5. | Tales of the Grotesque and Arabesque | <i>Poe</i> |
| 6. | David Copperfield | <i>Dickens</i> |
| 7. | Less Miserables | <i>Victor Hugo</i> |
| 8. | Notre Dame de Paris | " " |
| 9. | Beside the Bonnie Briar Bush | <i>Maclaren</i> |
| 10. | A Window in Thrums | <i>Barrie</i> |
| 11. | Their Wedding Journey | <i>Howell</i> |

DIVISION III.

| | | |
|-----|---|---------------------|
| 1. | Heroes and Hero Worship | <i>Carlyle</i> |
| 2. | Sesame and Lilies | <i>Ruskin</i> |
| 3. | Walden | <i>Thoreau</i> |
| 4. | Autocrat of the Breakfast Table | <i>Holmes</i> |
| 5. | Fireside Travels | <i>Lowell</i> |
| 6. | Essays on Nature and Culture | <i>Mabie</i> |
| 7. | Across the Plains | <i>Stevenson</i> |
| 8. | Yesterdays with Authors | <i>J. T. Fields</i> |
| 9. | Cheerful Yesterdays | <i>Higginson</i> |
| 10. | Men, Women, and Books | <i>Birrell</i> |

DIVISION IV.

| | | |
|-----|---|-------------------|
| 1. | Henry the Eight and His Court | <i>Muhlback</i> |
| 2. | Age of Elizabeth | <i>Creighton</i> |
| 3. | Houses of Lancaster and York | <i>Gardiner</i> |
| 4. | Colonial Dames and Good Wives | <i>Earle</i> |
| 5. | Sabbath in Puritan New England | " |
| 6. | La Salle and the Discovery of the West | <i>Parkman</i> |
| 7. | The War of Independence | <i>Fiske</i> |
| 8. | Jesuits in North America in the 17th Century, | <i>Parkman</i> |
| 9. | Protestant Revolution | <i>Seeböhm</i> |
| 10. | Tales from English History | <i>Strickland</i> |

DIVISION V.

| | | |
|-----|--|-------------------|
| 1. | Wordsworth | <i>Myers</i> |
| 2. | Burns (Letters) | <i>Robertson</i> |
| 3. | Holmes (Letters) | <i>Morse</i> |
| 4. | E. B. Browning's, (Letters) | " |
| 5. | Carlyle | <i>Nichol</i> |
| 6. | Alfred the Great | <i>Hughes</i> |
| 7. | Historical Characters in the Reign of Queen Anne | <i>Oliphant</i> |
| 8. | Gladstone | <i>Russell</i> |
| 9. | Addison | <i>Coulthorpe</i> |
| 10. | Edmund Burke | <i>Morley</i> |
| 11. | Thoreau (Familiar Letters) | <i>Sanborn</i> |

CLASS II. DIVISION I.

| | | |
|----|----------------------------------|--------------------|
| 1. | L'Allegro | <i>Milton</i> |
| | Il Penseroso | " |
| | Samson Agonistes | " |
| 2. | Comus and Leycidas | " |
| 3. | Rape of the Lock | <i>Pope</i> |
| 4. | Hamlet | <i>Shakespeare</i> |
| | The Tempest | " |
| 5. | Twelfth Night | " |
| | Othello | " |
| 6. | Much Ado About Nothing | " |
| | King Lear | " |

| | | |
|-----|--------------------------------|-----------------|
| 7. | Palamon and Arcite | <i>Dryden</i> |
| 8. | Sohrab and Rustum | <i>Arnold</i> |
| 9. | Astrophel | <i>Spenser</i> |
| | Epithalamium | " |
| | Prothalamium | " |
| 10. | The Rivals | <i>Sheridan</i> |
| | A School for Scandal | " |

DIVISION II.

| | | |
|-----|--------------------------------|------------------|
| 1. | Vanity Fair | <i>Thackery</i> |
| 2. | Henry Esmond | " |
| 3. | Jane Eyre | <i>C. Brontë</i> |
| 4. | Marble Faun | <i>Hawthorne</i> |
| 5. | Daniel Deronda | <i>G. Elliot</i> |
| 6. | Mill on the Floss | " " |
| 7. | Romola | " " |
| 8. | Bleak House | <i>Dickens</i> |
| 9. | Pickwick Papers | " |
| 10. | Hypatia | <i>Kingsley</i> |
| 11. | Westward Ho | " |
| 12. | Heart of Mid-Lothian | <i>Scott</i> |

DIVISION III.

| | | |
|-----|---|-----------------|
| 1. | Addresses | <i>Drummond</i> |
| 2. | Milton | <i>Lowell</i> |
| | Pope | " |
| 3. | Shakespeare's England | <i>Winter</i> |
| 4. | Essays of Elia | <i>Lamb</i> |
| 5. | Getting on in the World | <i>Mathews</i> |
| 6. | From the Easy Chair | <i>Curtis</i> |
| 7. | Self Reliance, History, Friendship | <i>Emerson</i> |
| 8. | Nature | " |
| | The American Scholar | " |
| 9. | Essays in Idleness | <i>Repplier</i> |
| 10. | Second Essay on the Earl of Chatham | <i>Macaulay</i> |
| 11. | Cromwell | <i>Carlyle</i> |
| | The Diamond Necklace | " |

DIVISION IV.

| | | |
|-----|-----------------------------------|----------|
| 1. | Roman Life in the Days of Cicero | Church |
| 2. | Frederick the Great and His Court | Muhlback |
| 3. | Thirty Years' War | Gardner |
| 4. | Young Folks' History of Germany | Tonge |
| 5. | Young Folks' History of France | " |
| 6. | French Revolution | Morris |
| 7. | France in the Nineteenth Century | Latimer |
| 8. | Makers of Venice | Oliphant |
| 9. | Makers of Florence | " |
| 10. | Story of Spain | Hale |

DIVISION V.

| | | |
|-----|--------------------|-------------|
| 1. | Jeanne D'Arc | Oliphant |
| 2. | A. Hamilton | Lodge |
| 3. | Napoleon I | Seelye |
| 4. | Court of Louis XIV | Saint-Amand |
| 5. | Shakespeare | Hudson |
| 6. | Madame Roland | Tarbell |
| 7. | Emerson | Warner |
| 8. | Two German Giants | Lord |
| 9. | Webster | Lodge |
| 10. | Calhoun | Von Holst |
| 11. | Clay | Schurz |

CLASS III. DIVISION I.

| | | |
|----|--------------------------------|------------------|
| 1. | Idylls of the King | Tennyson |
| 2. | Princess | " |
| 3. | Selections from Bigelow Papers | Lowell |
| | Ambrose Aladdin | " |
| | The First Snowfall | " |
| 4. | Lay of the Last Minstrel | Scott |
| 5. | The Deserted Village | Goldsmith |
| 6. | Songs of Seven | Ingelow |
| 7. | Boy's Percy | Ed. by S. Lanier |
| 8. | Maud | Tennyson |

| | | |
|-----|--|--------------------|
| 9. | Merchant of Venice | <i>Shakespeare</i> |
| 10. | A Little Book of Western Verse | <i>Field</i> |

| 9. | From Lady Washington to Mrs. Cleveland | <i>Gordon</i> |

Through the courtesy of Miss Newhall, who has charge of the Public Library, we have been enabled to ascertain just what books are available for the pupils; and we believe that every book in the list given can be found in the Public Library.

Our High School Library is still small, and we daily feel the need of a few selections of standard works. We respectfully invite the attention of the graduates and friends of the school to this fact, and assure them that any addition to our library, however small, will be highly appreciated.

In conclusion, I wish to thank all who have contributed to the success of the High School during the past year, more especially, the Superintendent, members of the School Committee and teachers.

Financial Report.

Report of money received and expended for the Saugus High School in 1898:

RECEIPTS.

| | | |
|---|---------|---------|
| Cash balance, Jan. 1, 1898 . . . | \$16 64 | |
| Receipts from Bond Prize Exhibition . . . | 42 10 | |
| | <hr/> | \$58 74 |

EXPENDITURES.

| | | |
|----------------------------------|---------|---------|
| For Printing | \$11 75 | |
| For selling tickets | 2 50 | |
| For books | 3 50 | |
| For sundry expenses | 1 75 | |
| Cash balance, Jan. 1, 1899 . . . | 39 24 | |
| | <hr/> | \$58 74 |

Respectfully submitted,

N. E. ADAMS.

For nearly five years the schools have been working according to a course of study that has existed only in the form of mimeograph copies, and has from year to year, as the schools have progressed, been subject to change and revision. It is at best only a brief outline of what is attempted, yet it has served to greatly unify and elevate our school work, while leaving full play for the individuality of the teachers.

It has been thought best to print, in connection with this report, a part of our course of study. It has been carefully revised and in part rewritten, to adapt it more fully to the present needs of our schools. The attention of parents is invited to the outline courses in geography, language and arithmetic, which will be found appended.

While our schools have made very commendable progress in grading, uniformity of instruction, and in raising the standard of work, it is believed that the convenience of having the course of study in print will add much to the efficiency and regularity of our work. It is to be hoped that in the next annual report the remainder of the course may appear.

In closing, allow me to thank the committee for their cordial support in my efforts to improve the schools, and for their good advice, so wisely given ; also the parents, for their friendly spirit of co-operation, so generally shown in their dealings with me.

Respectfully submitted,

C. E. STEVENS,

Superintendent of Schools.

Jan. 16, 1899.

Summary

| | |
|--|-------|
| Number of children in Town, May 1, 1898, from five to fifteen years of age | 958 |
| Number between five (5) and eight (8) | 291 |
| Number between eight (8) and fourteen (14) | 593 |
| Whole number enrolled in all schools | 1,284 |
| Number of boys | 625 |
| Number of girls | 659 |
| Number under five (5) | 2 |
| Number over fifteen (15) | 101 |
| Number between eight (8) and fourteen (14) | 682 |
| Average membership for the year | 972 |
| Average membership for the Winter Term | 953 |
| Average membership for the Spring Term | 925 |
| Average membership for the Fall Term | 1,021 |
| Average attendance for the year | 897 |
| Average attendance for the Winter Term | 872 |
| Average attendance for the Spring Term | 853 |
| Average attendance for the Fall Term | 948 |
| Per cent. of attendance | 92.2 |
| Number of pupils who have moved into Town | 166 |
| Number of pupils who have moved out of Town | 163 |
| Number of teachers employed, including specials | 30 |
| Increase during the year | 3 |
| Number of different schools | 24 |
| Increase during the year | 1 |
| Number of tardinesses | 1,523 |
| Number of dismissals | 653 |
| Number of visits, not including those of Committee and Superintendent | 1,133 |

Graduating Exercises

OF THE

Class of '98 Saugus High School.

TUESDAY, JUNE 21, 1898.

PROGRAM.

- 1 MUSIC—"The Postillion," . . . *Arr. by L. T. Wade*
CHORUS.
- 2 PRAYER—
- 3 MUSIC—"Rest Thee on This Mossy Pillow," . *H. Smart*
TRIO.
- 4 ESSAY—"Doe Ye Nexte Thynges," with Salutatory.
LOUISE A. KOHLRAUSCH.
- 5 ADDRESS—
GEORGE H. MARTIN.
Supervisor of Schools in Boston.
- 6 MUSIC—"The Alpine Shepherd," . . . *F. Abt*
SOLO AND CHORUS.
- 7 ESSAY—"Beyond the Alps My Italy Lies," with Valedictory.
LENA R. EDMANDS.
- 8 AWARD OF DIPLOMAS.
- 9 MUSIC—"Twilight," *F. Abt*
TRIO.

Graduates

Four Years Classical Course.

LENA RICHARDS EDMANDS,
LOUISE AUGUSTA KOHLRAUSCH.

Four Years English Course.

ERNEST WARREN HOMAN,
MARGARET WALKER SMALL.

Three Years English Course.

ANNA GENEVIEVE GARRA,
EDWARD DAMON McNUTT.

Bond Prize Recitations

THURSDAY EVENING, JUNE 23, 1898, 7.45 O'CLOCK.

PROGRAM.

- 1 PIANO SOLO—
MRS. KATHARINE FORRISTALL.
- 2 "Sunshine," *Sharp*
LILLIAN RHODES.
- 3 "Aunt Sophronia Tabor at the Opera," . . .
FLORENCE E. BEEDE.
- 4 "How Old Folks Won the Oaks," . . . *Eakin*
FRED MACKENZIE.
- 5 "Miss Eva's Visit to the Ogre," . . . *Elmslie*
EDITH A. CONE.
- 6 SOLO—
MISS LUCIE A. TUCKER.
- 7 "On the Other Train,"
MAUDE F. FEINDEISEN.
- 8 "Patsy," *Kate Douglas Wiggin*
MARGARET W. SMALL.
- 9 "Number 5 Collect Street,"
SHADRACK C. JONES.

- 10 "Wee Willie Winkie," *Rudyard Kipling*
*FLORA L. EDMANDS.

- 11 SOLO—
MISS LUCIE A. TUCKER.

- 12 "His Heart's Desire," *Julia Magruder*
LAURINE S. FREEMAN.

- 13 "The Wonderful Tar-Baby Story," *Joel Chandler Harris*
ETHEL H. ROBINSON.

- 14 "The Trial of Abner Barrow," *Richard Harding Davis*
CLIFFORD A. BARNES.

- 15 "The Newsboy's Friend,"
HENRY T. CLAUS.

*Excused because of illness.

AWARD OF PRIZES.

First prize was awarded to SHADRACK C. JONES.

Second prize to MAUDE F. FEINDEISEN.

Third prize to FLORENCE E. BEEDE.

Bond prizes for "improvement" were awarded as follows:
Two upper classes, RUTH NICHOLS; two lower classes, HARRY
STANBON.

School Legislation

The following are provisions of the law of the State in regard to the employment of children, attendance and truancy :

No child under *fourteen* years of age shall be employed in a factory, workshop or mercantile establishment, nor in any other way for wages while the schools are in session.

No child under *sixteen* years of age shall be employed in any factory, workshop or mercantile establishment *unless* the employer :

1. Procures and keeps on file, and accessible to truant officers, the district police and inspectors of factories, age and schooling certificates for all such children employed.

2. Keeps *two* complete lists of all such children employed, one on file and one conspicuously posted near the principal entrance of the building where such children are employed. In all cases an *employment ticket*, duly made out and signed is required before an age certificate can be granted. (Blanks may be obtained of the Superintendent.)

Compulsory attendance of all pupils between the ages of seven and fourteen years is now required for the *entire school year*, instead of thirty weeks as formerly.

These three classes of children may be sent to the truant school or elsewhere :

1. Habitual truants—Children between seven and fourteen years of age, who are habitually absent from school.

2. Habitual absentees—Children from seven to sixteen years of age who may be found on the streets, not attending school, having no lawful occupation, and growing up in idleness and ignorance.

3. Habitual school offenders—Children under fourteen who persistently violate the reasonable regulations of the school, or

otherwise misbehave so as to render themselves fit subjects for exclusion therefrom.

Any person having under his control a child between seven and fourteen years of age, who fails for *five days*, or ten half days, within any period of six months, to cause such child to attend school, shall forfeit and pay a fine.

Any person who induces a child to absent himself unlawfully from school, or who employs or harbors a child unlawfully absent shall be fined.

[ACTS OF 1898, CHAP. 496, SECT. 11.]

No child who has not been duly vaccinated shall be admitted to a public school except upon presentation of a certificate signed by a regular practicing physician that such child is an unfit subject for vaccination. No child who is a member of a household in which a person is sick with small-pox, diphtheria, scarlet fever or measles, or of a household exposed to contagion from a household as aforesaid, shall attend any public school during such sickness, or until the teacher of the school has been furnished with a certificate from the board of health of the town or city, or from the attending physician of such sick person, stating in a case of small-pox, diphtheria or scarlet fever, that a period of at least two weeks, and in a case of measles a period of at least three days, has elapsed since the recovery, removal or death of such person, and that danger of the conveying of such disease by such child has passed.

COURSE OF STUDY
IN
Geography, Language and Arithmetic
FOR THE
PUBLIC SCHOOLS OF SAUGUS, MASS.
1899.

GEOGRAPHY.

GENERAL DIRECTIONS.

1. Geography claims a place in the school curriculum because of (1) its practical value, (2) its disciplinary value, and (3) its culture or spiritual value. Of these the last is most important and if wisely realized will involve the others.

2. The globe should be used constantly in all grades. Many teachers do not use it enough. It is an indispensable aid in giving correct geographical ideas.

3. Teachers should make constant use of maps. Relief maps cannot be purchased for all schools, but may be made by the pupils. Outline maps without names are very valuable. Government maps, such as the atlas sheets of the topographic map, charts of the United States Coast and Geodetic Survey, maps of the Mississippi River Commission, pilot charts of the North Atlantic, and maps and charts published by the United States Weather Bureau, are of much value. Maps, as a rule, should not be on the wall unrolled, but displayed only as needed for study or recitation. Pupils should thoroughly understand how to *read a map*, and be able to give the meaning of all lines, marks and colors.

4. Lead pupils to form the habit of looking up every place mentioned in their reading and study. Important current events call for some attention, especially in the higher grammar grades.

5. In the upper grades, beginning with the sixth, lessons should be assigned and recited topically. This can be successfully done if the right use is made of magazines, library books, geographical readers and reference books.

6. A good collection of pictures judiciously used is one of the most valuable aids obtainable.

7. Make large use of appropriate poems. At every good opportunity connect with important historical events.

8. The study of "types" should be emphasized. A full and detailed study of a single river, a mountain or a coal mine gives the key to a large amount of geographical knowledge.

9. Too much time should not be given to map drawing, although a little time may be spent with great profit. Rapid sketch maps, production maps, maps of river systems and mountain ranges, progressive maps with outline given, call for some attention. Cardboard models of the continents for tracing the outline are useful.

GRADE III.

1. All the work of this grade is oral. Lead pupils to observe the position of the sun morning, noon and evening. Teach cardinal points of the compass. Have pupils locate objects and places in the Town by pointing in the direction they are situated.

2. Draw a plan of the school-room. Locate objects on the plan. Draw a plan of the school grounds, locating the school-house. Pupils should measure the distances.

3. Study this Town: its roads, their direction and towns to which they lead; its streets, school-houses, churches, and points of interest. Make a map of the Town, principal streets only.

4. Lead pupils to observe common forms of land and water. Hill: summit, slopes and base. Brook: slopes of the stream and cutting power of water; deposits of sand. This work properly done forms a basis for the study of all relief forms and all rivers.

5. Indians: life in tribes, chiefs, warfare. Indian child: dress, cradle, pets, games, toys. Furniture: work of the women.

Manners and customs: trade, money, administration of justice, medicine men, the Great Spirit, happy hunting ground. Treatment of white people. Read to the pupils about Hiawatha. Make a similar study of *Eskimos*. Read "Little Folks of Other Lands."

GRADE IV.

1. In this grade the teaching is oral; no text-book in the hands of the pupil. Continue the line of work suggested in topics two and three of the preceding grade. Have pupils draw a more detailed map of the town or the section in which they live. Draw school-room to scale.

2. Continue observation of relief. Brooks and brook-basins,—slopes, water-parting, bed, speed, sand, deposit, deltas. Rivers and river basins. Uses of rivers. Structure of coast line, irregularities of land and water—Islands, capes and peninsulas—Frye's "Brook and Brook Basins."

3. A few lessons on methods of transportation. Cart, bicycle, carriage, canoe, boat, street car, electric car, steam cars, sail-boats, canal-boats, steamships.

4. Continue the kind of work suggested in topic five of grade three. Use "Seven Little Sisters," or "Around the World," second book.

GRADE V.

1. For reading and reference use the small text-book on geography, also geographical readers, and books of travel from the public library. Make large use of appropriate poems, pictures, stories and newspaper clippings.

2. Study New England; the United States as a whole; North America, with special reference to drainage rivers and river basins, mountain ranges, soil, climate, plants, animals, principal cities as markets and as centres of commerce; South America and Europe briefly.

3. The earth as a whole: form, size, distribution of heat, relief. Hemispheres: land and water, northern and southern, eastern and western. (Use a globe.)

4. A few lessons on the different occupations in which people are engaged in cities and in the country.

5. Continue work of topic five of preceding grade, taking up a study of Africans, Japanese, Lapps and Arabs.

6. Massachusetts. A brief study. Consider relation between its relief and climate; climate and productions; productions and location of cities. Consider its mountains, rivers and coast-line; occupations and industries of the people; differences of temperature; its plants and animals.

GRADE VI.

1. The more formal study of geography now begins, using the larger text-books. Constantly use the globe, wall-maps, charts, pictures, poems, supplementary readers, and books from the public library. Whenever there is an opportunity correlate with history.

2. A careful study of the United States by sections, especially New England. Detailed study of North America. General study of the earth. Brief study of South America.

GRADE VII.

1. A careful study of the United States, with special reference to the people, climate, industries and commercial relations. Relation between relief and history.

2. General study of British America, Central America, Mexico and West Indies, especially Cuba and Puerto Rico.

3. Thorough study of South America.

4. Change of seasons; latitude and longitude; moon and tides; rainfall; winds; heat and cold; storms and predictions of weather changes. (Use United States weather maps.)

5. Special study of the British Isles.

6. Make large use of pictures, books of travel, appropriate poems, and articles from magazines and newspapers. Make constant use of globes, maps and charts.

GRADE VIII.

1. Critical and comparative study of Europe—Emphasize physical, industrial and commercial features. Teach social conditions, races of men and forms of government
2. Teach Asia in a similar manner, dwelling especially upon Japan, China and India. Commerce, methods of transportation, productions, people, cities, form of government and history are important topics.
3. Africa, a brief study, dwelling chiefly upon Egypt and the Nile valley.
4. Australia and the neighboring islands, especially Hawaii and the Philippines.
5. Life: plants, animals and races of men.

GRADE IX.

1. All work based upon the usual text-books is completed in grade eight.
2. *Physical Geography*. A systematic study based upon the prescribed text-book. Time: a half year.
3. *Commercial Geography*. A thorough study of this important subject for one-half year. Special attention is given to the routes and growth of commerce, production centres and markets of the world, methods of transportation, the staple articles of commerce and their relative value and importance.

LANGUAGE.

GENERAL DIRECTIONS.

1. In language teaching we aim to train the pupil to the habitual use of good English, to give him the ability to speak and write readily and correctly, and to give him some knowledge of the language itself.
2. From the beginning to the end of the school course there should be careful, systematic and progressive drill in talking and

writing. At first the oral work predominates and in all grades should receive careful attention. The language of the recitations should be considered. The talking exercises in primary grades should be short, usually not more than fifteen minutes.

3. It should be remembered that pupils talk well only when they have clear ideas. The teacher should do her part to secure good thinking.

4. Criticism should be carefully given. The more sensitive cannot endure it without harm unless given with a show of sympathy. Usually *all* errors should not be corrected, but only the most evident.

5. Dictation exercises if *carefully planned* and *specially adapted* to the needs of the pupils are very valuable. In this way the proper use of capital letters, punctuation marks and partially familiar words as well as spelling may be taught.

6. In all grades, each pupil should, from time to time, learn carefully selected gems. The sentiment, the moral influence and the beauty of the language may be considered in making selections. Pupils of the three upper grades should commit to memory at least one hundred lines each year, the next three grades from fifty to seventy-five lines, and the three lowest grades from ten to twenty-five lines.

GRADE I.

1. Daily talks about familiar things, as toys, plants, pictures, etc. The first lessons should be such as will readily connect home with school. Material for stories may be taken from history, poetry, mythology fables or the Bible. Teach each week one short quotation, maxim or memory gem. Lead pupils to observe the most important facts as to social life about them in regard to food, clothing, shelter, occupations and modes of travel.

2. As soon as pupils are able have daily copying of words or short sentences from the blackboard or cardboard slips. (Closely connect with the reading and number work.) Pupils may write their own name from carefully prepared copy.

Teach the use of capital I ; also the period and question mark at the end of sentences.

GRADE II.

1. Pupils may tell of places they have visited, interesting objects they have seen, or games they play at home. They may describe pictures of special interest, reproduce the reading lesson often, also interesting stories told by the teacher. Continue observations of social life and contrast with other peoples. Descriptions of pictures. Simple lessons on common plants and domestic animals. Memory gems. Insist upon polite and courteous forms of speech.

2. Copying and dictation daily. Fill blanks in sentences based on the reading lesson. Reproduction of stories told the pupils, of the reading lesson and of nature study lessons.

3. Teach the use of capitals at the beginning of sentences, in names of persons, streets, days of the week, months of the year and the words I and O. Teach the use of the period and question mark at the end of sentences, and apostrophe in contractions. A few common abbreviations such as are useful in their number work, also for names of the months; Mr., Mrs., St., Av., Ans.

4. A few common contractions such as *don't, I'll, isn't, hasn't*, etc. The proper use of *is, are, was, were, has, have, this, that, these, those*.

GRADE III.

1. Reading lessons, nature study, physiology and form study will afford valuable material for many oral lessons. Reproduction of carefully selected stories told by the teacher. (Do your pupils talk freely and correctly?)

2. Copying, dictation, and written composition, picture stories, gems of poetry and prose copied and memorized by *all* the pupils. Letter writing—only the most common form.

3. The uses of capitals as in Grade II, also in names of countries, towns and cities. Marks of punctuation as in previous grade, also simple use of comma, and hyphen in compound words.

A thorough review of the work with abbreviations of the preceding grade. Teach also the following: Initials in the name of persons, Dr., Rev., Mass., Esq., Supt., and abbreviations for the days of the week.

4. Contractions as in previous grade, also *doesn't*, *can't*, *won't*, *wouldn't*, *it's*, *I'm*.

The possessive form of nouns in the singular in which the apostrophe precedes the *s*.

The proper use of verb forms, as in Grade II, also *may*, *can*, *sit*, *set*, *lay* and *lie*. The use of *is* for *are*, *done* for *did*, *seen* for *saw*, *ain't* for *isn't* or *aren't* must be persistently corrected in both oral and written work.

GRADE IV.

1. Continue the work of the preceding grades. Require frequent reproductions of the substance of lessons in nature study, reading and geography. Give particular attention to letter writing and picture stories. Pupils should know the diacritical marks and learn how to use the dictionary.

2. The use of capitals — review and extend the work of the preceding grade. (Dictate choice selections of prose and poetry to be memorized.) Teach the use of quotation marks, exclamation point, and comma and colon before a quotation.

Teach the following abbreviations: Abbreviations for names, as *Chas.*, *Geo.*, *Fred.*, *Edw.*, etc. Teach each pupil the abbreviated form of his own name if it has any; also *No.*, *Co.*, *etc.*, *A.M.*, *P.M.*, *Capt.*, *Col.*, *R.R.*

3. Teach pupils how to recognize and use the possessive singular and plural of nouns, avoiding special difficulties. Drill on verb and pronoun forms commonly misused, as *write*, *think*, *lose*, *learn*, *teach* and *him*, *her*, *I*, *me*, *us*, *he*, *she*, *them*, etc. Carefully consider any common errors in speech or use of words.

GRADE V.

1. Continue the work already begun in preceding grades, but the exercises should be of greater difficulty. Require the pupils daily to reproduce in writing what they have read or what they have been taught in geography, nature study or other school exercises. To secure orderly arrangement in the composition work, use a list of questions or simple outline. Pay some atten-

tion to paragraphing. Study and description of selected pictures. Letter writing, including the envelope address. Accept none but the best work the pupil can do, and correct only the most important errors in any one exercise.

2. Pupils should understand all ordinary uses of capitals and marks of punctuation. They should thoroughly understand all abbreviations that occur in their school exercises.

3. Continue the work of topic three of Grade IV. Drill on the proper use of *shall* and *will*, *did* and *done*, see, saw and seen, sit and set, etc.

Homonyms, occasional exercises, as sew, so ; to, too, two ; pair, pear, pare ; great, grate ; our hour ; dew, due. Plurals in *s*, *es*, *ies*, *ves*, and without *s*.

(Encourage careful use of the dictionary. Beware of upward inflection in answers.)

GRADE VI.

1. Require pupils to reproduce orally and in writing the substance of lessons in history, geography, literature and nature study. An outline may first be prepared and presented to the teacher for examination. This practice should be continued in subsequent grades. Aim to secure correct diction, accuracy of expression, and systematic arrangement. (Written work may be illustrated sometimes by selected pictures or original sketches.) Description of persons and places and narration of events or personal experiences. Letter writing—heading address, salutation, body, close and signature, envelope address, postal card writing. Notes, receipts, telegrams and bills. (Persistently correct the most common errors in oral and written language.)

2. The work of preceding grades in the use of capitals and marks of punctuation should be frequently reviewed by dictating to the class selections, selections of poetry to be memorized and selections of prose involving difficulties in punctuation.

Make a list of all abbreviations in common use and drill on the same.

3. Occasional exercises in the use of synonyms. Review of plural and possessive forms. Divided quotations. Many exercises involving the use of pronouns. Make a list of fifty common

verbs and drill in the use of the correct forms. Include both regular and irregular verbs, and present and past forms.

(Encourage frequent use of the dictionary.)

GRADE VII.

1. Frequent reproduction of the substance of lessons in literature, geography, history and other school studies. The study of Longfellow's "Evangeline" and "Courtship of Miles Standish," also Whittier's "Snow Bound" will furnish valuable material. Give thorough drill in business and social correspondence.

(Accept only the pupil's best work.)

2. Teach inductively the distinction of subject and predicate in simple sentences; the kinds of sentences,—declarative, interrogative, imperative, and exclamatory.

Teach in the following order the parts of speech: Nouns, pronouns, verbs, adjectives, adverbs, conjunctions, prepositions and interjections.

Develop the idea of modifiers and teach by use of simple sentences the distinction of adjective and adverbial modifiers.

(In this grade the formal study of technical grammar begins.)

GRADE VIII.

1. Frequent exercises in composition, based upon material furnished by lessons in the regular studies. (Pupils should be taught to paragraph well and to develop a subject logically and clearly.) In Dickens' "Christmas Carol" and "Cricket on the Hearth," also selections from Irving's "Sketch Book" will be found excellent material for compositions. Exercises based upon current events, personal experience or social and industrial life around the pupils.

2. The analysis of simple, complex, and compound sentences. (Avoid unusual difficulties.) Adjective and adverbial modifiers.

Teach with care and thoroughness the *properties* of the parts of speech.

GRADE IX.

1. Much composition writing, with some attention to the *elements* and qualities of style. Letter writing, with special attention to the *necessary* qualities of a good letter.

Composition work may be based on Scott's "Lady of the Lake" and Lowell's "Vision of Sir Launfal," also upon lessons in geography, history, nature study and civics. *Every* written exercise should represent the pupil's best effort.

2. A thorough study of the entire subject of technical grammar. Much practice in grammatical analysis. Some study of the derivation and composition of words, including consideration of the common prefixes and suffixes.

ARITHMETIC.

GENERAL DIRECTIONS.

1. Teach each *new process* objectively at first; to be discontinued only when pupils can think without objects.

2. Carefully distinguish *figures* and *abstract numbers*. The former are merely symbols of number and should be used after the child has some knowledge of number.

3. Do not require written work until oral work has made clear the process. There should be much oral work in all grades.

4. The arrangement of this course is based upon the fact that many topics in arithmetic are easy in their elements but more difficult when fully developed. Hence many topics are begun in the lower grades but not completed until several years later.

5. Develop the use of language, written and oral. Explanations should be required but not in any set form, although loose, indefinite statements should not pass unnoticed. Pupils should often solve problems on the blackboard and explain the same.

6. Frequent exercises in rapid addition are called for. Accuracy and reasonable rapidity should be secured.

GRADE I.

1. Numbers from 1 to 10.
2. The fractions $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$ taught objectively.
3. Pint, quart; inch, foot; quart, peck; cent, nickel, dime; days of the week; square inch; cubic inch.

Notes. Pupils are not to begin number work before the third month in school. Teach *figures* after the pupils clearly understand the numbers thus represented. Teach everything objectively. Teach no unequal divisions. Let every pupil have counters and perform the operations for himself. Give about half of the time devoted to this subject to practical problems. Have some work in adding single columns, the sum not to equal 10, and verify by subtraction.

GRADE II.

1. Numbers from 10 to 20 objectively. A thorough drill in figure work, involving all the numbers and combinations taught; also the signs $+$, $-$, \times , \div , $=$ and $?$ Much practice in rapid oral work, using many practical problems.

2. Notation to 100. Roman numerals to XX.

3. $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$; $\frac{1}{3}$, $\frac{1}{6}$, $\frac{1}{9}$; $\frac{1}{5}$, $\frac{1}{10}$; $\frac{1}{7}$. Teach objectively and with much care.

4. Pint, quart, gallon; inch, foot, yard; quart, peck, bushel; day, week, month, year; ounce, pound; dozen; coins to one dollar. Drill in finding area of square and oblong by dividing into square inches.

GRADE III.

1. Numbers from 20 to 100 carefully taught. Teach addition, subtraction, multiplication and division, using no number of more than three figures and no multiplier or divisor greater than 10.

2. Notation to 1,000. Roman numerals to C.

3. Fractions as in Grade II, also $\frac{1}{12}$ and $\frac{1}{20}$. Reduction of simple mixed numbers and improper fractions. Accustom pupils to the use of diagrams. Drill in addition and subtraction of fractions, at first of like denominators.

4. Compound numbers as in Grade II, also seconds, minutes, hours. A large number of easy practical problems. Teach pupils to tell time by the clock.

5. Teach angle, right angle, acute angle and obtuse angle. Teach by cutting and drawing, the area of right angled triangle. (Half of square or oblong cut by diagonal.) Develop method of finding area by square or oblong. (Observe number of rows and units in a row.)

GRADE IV.

1. Addition, subtraction, multiplication and division of whole numbers involving no number of more than four figures and no multiplier or divisor of more than two figures. (Pupils should be familiar with the names of the terms used.)

2. Write and read numbers of six figures. Roman numerals to M.

3. Addition, subtraction, multiplication and division of fractions,—easy work.—Illustrate by diagrams as much as necessary. Deduce a few simple rules from many practical problems involving the simpler processes.

4. Time, linear, liquid and dry measures, and United States money. Square measure, (in. ft. yd.) easy problems, also wood measure.

5. Addition, subtraction, multiplication and division of decimals using only tenths and hundredths. Lead pupils to see reason for "pointing off" by first using many simple examples. At first use only a whole number for multiplier or divisor.

6. Teach the rates 50%, 25%, $33\frac{1}{3}\%$, 100%, 75%, $66\frac{2}{3}\%$ and 10%. Thorough drill in both oral and figure work.

7. Review and continue topic five of Grade III. Contrast the square, oblong and triangle, and methods of finding area. Teach method of finding entire surface of square pyramid and develop rule. Many practical problems.

Notes. Have rapid oral work a few minutes daily. Emphasize accuracy and rapidity. Teach spelling of new words as they occur.

GRADE V.

1. The fundamental operations involving the use of numbers of not more than seven figures. Careful drill in rapid oral work especially addition. Prime numbers, factoring, common factor, common multiple, largely oral.

2. Writing and reading numbers of nine figures, decimals through thousandths.

3. Addition, subtraction, multiplication and division of fractions, all the processes. Easy problems, not often using a denominator greater than 12.

4. Addition, subtraction, multiplication and division of decimals, using not more than three or four decimal places.

5. All weights and measures not yet taught, except Troy weight and Apothecaries' weight, and angular measure and surveyor's measure. Addition, subtraction, multiplication and division, (very little) of compound numbers, using no long or difficult problems.

6. Continue the work of topic six, Grade IV. Apply to easy problems of gain or loss, also simple work in interest.

7. Teach the contents of cube, square prism and rectangular prism by observing the number of cubic units in a row, the number of rows in a layer, and the number of layers.

Notes. Have oral drill daily. Frequent exercises in rapid addition of long columns. Have pupils give original problems often. Teach the spelling of new words as they occur. Teach how to write a receipt, also a due bill.

GRADE VI.

1. Greatest common divisor ; least common multiple ; cancellation. Avoid needless difficulties.

2. Complete common and decimal fractions.

3. Review the work of topic five, Grade V. Complete compound numbers, as given in the text-book, omitting angular measure and surveyor's measure. Make large use of practical measurements.

4. Continue work in percentage, both oral and written, avoiding difficult problems. Easy work in simple interest, gain and loss and trade discount, largely oral.

5. Review of topic seven, Grade V. Find surface of square pyramid, and develop rule. By drawing and cutting teach pupils that the area of a circle is equal to an oblong with length equal to one-half of the circumference, and width equal to the radius. Surface of cylinder, length and diameter being given. Many practical problems.

GRADE VII.

1. Review of the work of previous grades by the use of many selected problems.

2. Percentage, trade discount, profit and loss, commission and brokerage, and insurance carefully and thoroughly taught. Pupils should clearly understand the nature and purpose of each topic and the business transactions involved.

3. Simple interest, taxes, ratio and simple proportion. Special attention to business methods.

4. Area of rectangle, parallelogram, rhomboid, rhombus and scalene triangle. Area of circle. Cubic contents of cone and sphere. Many practical problems.

Note. Teach the spelling of new words as they occur.

GRADE VIII.

1. Review of subjects previously taught. Frequent exercises in reading problems and "forecasting" the answers. Rapid oral work often.

2. Bank discount, annual and compound interest, custom house business, simple partnership and compound proportion (by analysis).

3. Surveyor's measure. Show clearly the way in which public lands are divided in the government surveys.

Angular Measure. A thorough study of circles, measurements of angles, and the terms *circumference*, *diameter*, *radius*, *axis*, *degrees*, *arc*, and *great* and *small* circles. Measurement of

angles on a sphere. Longitude and time—many practical problems.

4. Many problems pertaining to the work of carpenters, bricklayers and masons.

GRADE IX.

1. Review work of previous grades, giving special attention to common and decimal fractions, percentage, interest and discount. Business methods.

2. Partial payments (U. S. rule), stocks and bonds, square root with practical applications, exchange briefly, and cube root.

3. Mensuration. Review of previous work. Many problems involving the use of square and cube root.

4. Algebra twice a week through the year. Addition, subtraction, multiplication and division of positive and negative quantities. The binomial theorem. The use of the parenthesis. Factoring. Fractions. A large number of problems, not too difficult. Other topics if time permits.
